

# Village Given \$207,404 War Loan Goal

## On This Side Of The Sun

By Phat

**PLEDGE**—When you give the pledge of allegiance, where is your right hand? According to the new rules it should be over your heart and stay there. That, to me, seems to be a good idea. Too many fellows, in the old day of stretching the right arm as far as it would go, turned the palm town. In these days of Hitler, that gesture isn't in good repute. . . . Received a letter from the Palm Springs War Price and Rationing board the other day—and the water-mark on the paper said "Tokyo Bond." . . . Then there is that soldier out at Camp Young who answered mess call during a sand storm. Looking at the sand in his plate, he said: "I joined the army to fight for my country—not eat it."

**WAR MONTH**—Tuesday of this week was Army Day. It was 26 years ago that day that the United States entered the war to end all wars. A lot of people believe that April is the nation's war month—that most of our wars started in April. Of the nation's seven big wars only three started in April—World War 1 on April 6, the Civil War on April 12 and the Spanish-American war on April 22. The nation's first war, the Revolution, got under way in June, as did the War of 1812. The war with Mexico started in May and the latest war, the present conflict, in December. . . . And if you have wondered why the Philippines wasn't expecting a Jap attack on December 8 after the Nips had attacked Hawaii on December 7, 1941, just remember that the international date line separates the two—that Dec. 7 in Hawaii was Dec. 8 in the Philippines.

**FERRYING COMMAND**—Most Villagers when they think of the Ferrying Command base here, probably think of the local aspect—a bunch of good guys. But the Ferrying Command is laying the groundwork of aviation's future. Right now, the AFAFC is conducting operations more than ten times greater than the combined operations of all the civilian air lines of the world before the war began. . . . And it takes some planning to run the Ferrying Command. It isn't just planes. It's even down to an American hot-dog and an American bottle of

## Carry a Spare or You May Violate A New City Law

Ray Sorum, director of Public Works, Wednesday night called attention of city council to a new menace to city streets brought on by the war and subsequent rubber shortage.

Tires are wearing thin and more and more drivers are going home "on the rim" these days, he pointed out. With the approach of hot weather which will soften the pavement, there is great danger of ruining many streets in the Village, he said.

The matter was referred to City Attorney Roy W. Colegate, who will draw up an ordinance making it unlawful to ride on rims on city streets. The measure will be before council at its next meeting.

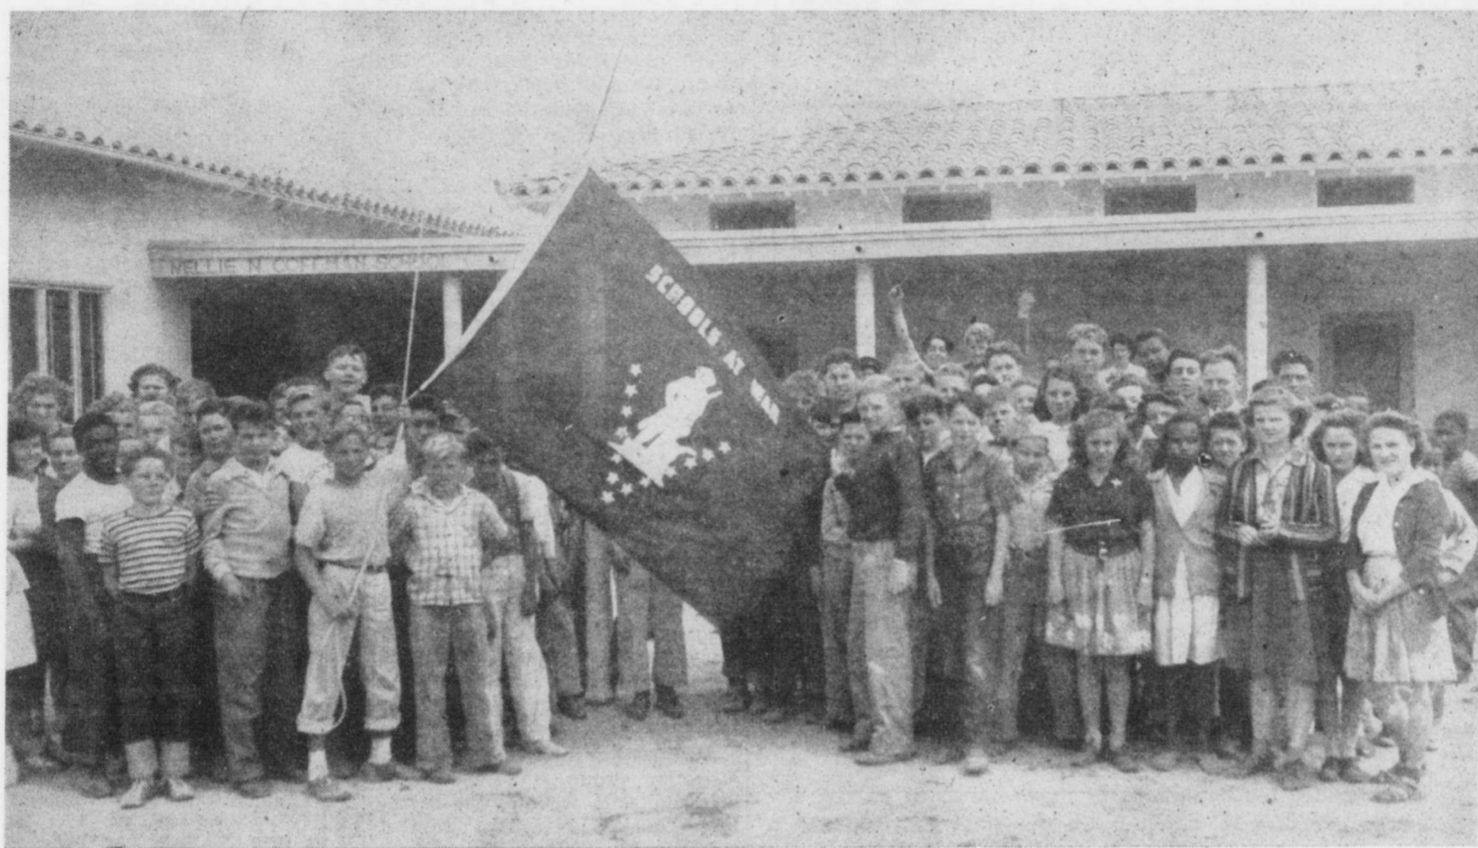

Dedicated to the GROWTH, DEVELOPMENT and CONSTANT IMPROVEMENT of AMERICA'S FOREMOST DESERT RESORT

**SCHOOLS AT WAR**—Pupils at the Nellie N. Coffman school proudly display the blue Minute Man flag they won when more than 90 per cent of the enrollment pledged themselves to buy at least 50 cents in war stamps each month. The flag was presented the school Monday at appropriate ceremonies. (Frank Partridge Photo)

## Raise \$17,000 In Mercy Drive

Village Almost Doubles Quota

By MARGARET CREE

With more than \$17,000 as the final figure, Palm Springs has soared into the stratosphere and beyond in the Red Cross War Fund Drive, which has just been concluded.

According to figures given to the Red Cross membership at the monthly board meeting Wednesday, Carl Haymond, general chairman of the War Fund drive, paid deserved tribute to all committee members and chairmen for the fine work done in this area during the month of March. "I wish to thank all of the loyal and hard-working committees and chairmen for their work. Without their aid and diligence the drive would not have been possible," he said.

### 1834 JOIN RED CROSS

A total Red Cross membership of 1834 has been paid for by subscribers to the fund, this number including everyone who contributed a dollar or more.

One of the heartwarming facets of the drive was the large amount of money contributed by members of the armed forces, not only those stationed in and near Palm Springs, but also those who were here for only a short visit. These men, of course, were not

## New Minute Man Flag Flying From Junior High Staff

A new flag is flying right below Old Glory, from the flag staff at the Nellie N. Coffman junior high school today.

It is a blue Minute Man flag bearing also the phrase "Schools at War" and it was presented to the school Monday at a flag-raising ceremony as a reward for its war stamp effort.

More than 90 per cent of the pupils have pledged themselves to buy at least 50 cents in stamps Monday at the school.

### PRESENTED BY MAYOR

The flag was presented to the school by Mayor Frank V. Shannon and accepted by Ed Willis, president of one of the Eighth grades. Both made brief talks.

Lieutenants George M. Bush and Maurice H. Conn of the Palm Springs division of the Ferrying (Continued on Page Twelve)

## Soldiers to be Picnic Guests

Mashie Court, which adjoins the Desert Inn grounds at the end of west Tahquitz drive will be the scene Saturday evening, April 17, of a picnic supper tendered 150 boys from Camp Young, according to plans formulated this week by Dr. J. R. Macartney of the Community church in conjunction with Chaplain General W. Roy Bradley and Chaplain Henry W. Anderson, both of Camp Young.

Chaplains Bradley and Anderson were in Palm Springs last Sunday conferring with Dr. Macartney on plans for the event. A similar picnic held last year at the Tennis Club was a great success.

### BRING ENOUGH FOR ALL

It will be a gesture of friendliness from the Village to the boys on the desert and each family is asked to bring a well-stocked basket with food and tableware for two or more of the soldier boys. The Mashie court has been secured and there will be plenty of tables and seating space.

Chaplain Anderson is working on the entertainment program and will bring with him a noted singer now at Camp Young and loud-speaker equipment as well as recordings.

### MOVIES PLANNED

The large moving picture machine and screen from the Community church will be moved to the picnic site and two splendid films will be shown. One "The Phantom Sea," obtained from the Ideal Picture corporation of Hollywood, is an absorbing and (Continued on Page Twelve)

## 3-Star General Visits Village

Head of Armored Forces on Tour

Lt. Gen. Jacob L. Devers, chief of the Armored Forces, arrived in Palm Springs Sunday in a special plane, a converted C-60, with the Armored Forces insignia and his three stars which made it a different and impressive sight.

With him was a group of 12. His visit to Palm Springs marked the completion of his inspection tour of the armored forces in the desert.

He spoke to officers of the Fourth Armored Division about his trip to Cairo and Casablanca and to the officers and enlisted personnel of the Seventh Armored Division.

General Devers said the United States has the best equipment in the world and that he has seen it proved on the battlefields in Africa.

In Palm Springs he was met by his daughter and her husband, Lt. Col. and Mrs. Alex Graham. Lt. Col. Graham is with the 94th Armored Field Artillery. They lunched at The Desert Inn. Others in the party included Miss Lois Andrews (20th Century Fox) and Capt. Andrew D. Pickard of the 66th Field Artillery Battalion.

## \$207,404 Is Goal In Bond Campaign

Palm Springs was asked by the United States government to buy \$207,404 in United States bonds between Monday, April 12, and the end of the month in the Second War Loan which is planned to raise 13 billion dollars in the greatest securities selling campaign ever undertaken in the history of the nation.

When word of the campaign was received by Harold Hicks, chairman of the Palm Springs War Saving committee, he immediately called a meeting and mapped steps for the Village's share in the huge national campaign.

### MURPHY APPOINTED

First step in the new drive was the appointment of Harold E. Murphy, well known Villager, and successful campaigner in kindred efforts, as chairman of the Second War Loan here.

Mr. Hicks, Mr. Murphy, Fred Ingram and Henry Weinberger, members of the committee, met at the Bank of America late yesterday and drew up plans to get the campaign underway Monday.

It was pointed out that while every purchase, no matter how small would be welcomed, this drive was aimed primarily at the large investor.

### ATTRACTIVE SERIES

To start the campaign off with a rush, an attractive new series of bonds, paying 2½% interest and callable between 1964 and

## Illick Is New Salvage Chief

Dr. Macartney Resigns Position

Dr. J. R. Macartney Tuesday of this week asked to be relieved of his duties as chairman of the salvage committee of the Palm Springs Civilian Defense council and recommended that Walter Illick be appointed in his stead.

The resignation was made in a letter to Earl E. Gibbs, director of the council who at once got in touch with Mr. Illick to offer him the appointment. Mr. Illick accepted.

### WILL CONTINUE WORK

Dr. Macartney was appointed to the position of chairman of the salvage effort here a little more than a year ago.

In his letter he said that he had endeavored to keep the salvage need before the public at all times through the press and by addressing many gatherings of people. He said he wishes to continue this good work.

### RECOMMENDS ILLICK

"However," he wrote, "Mr. Walter Illick, whom you know, is very much better qualified to act as chairman of the committee because of his constant contact

(Continued on Page Twelve)

## Mayor Reconsiders Resignation Plan

This Is No Time to Leave the Ranks, Mayor Tells Councilmen in Statement Announcing Decision to Stay on Job

Yielding to requests from many civic leaders and just plain citizens, Mayor Frank V. Shannon Wednesday reconsidered his plan to resign as head of the Palm Springs city government and from the council and announced that he would remain in office to fill out his term.

The mayor's statement, made before the council at its regular meeting and a large delegation of interested citizens, drew a round of applause.

### WANTED TO RESIGN

Three weeks ago, at the March 17 meeting of the council, Mayor Shannon startled the council and audience at the council chambers, with the unexpected announcement that he intended to resign on April 7.

At that time he said that he had served the city in official capacity for 14 years and had been on the council five years, the last of which he presided as mayor.

Citizens immediately appealed to the mayor to reconsider but it wasn't until Tuesday that he reached his final decision.

### ISSUES STATEMENT

Wednesday night, just before adjournment of the council, the mayor issued the following statement which was roundly applauded:

"Three weeks ago tonight I expected to present my resignation as a member of the City Council and Mayor of the City of Palm Springs.

"During the period from then until now there has been quite a lot of publicity, some of which has been flattering and some of which I consider otherwise. I (Continued on Page Twelve)

## Rumors of Lower Ceilings on Rents Denied by Chaffey

Setting at rest a rumor which has been circulating here that lowering of rents during the summer months will affect the ceiling prices, John R. E. Chaffey, secretary of the Chamber of Commerce, yesterday issued the following statement:

"There is being spread a report that the lowering of rentals during the summer months or lowering rents for a period of sixty days will change present ceilings and thus work a tremendous hardship on landlords during next season. This report is false and has no basis in fact.

"Al Harmon, regional director of the Rent Control Division of O. P. A., told your executive-secretary on Wednesday, April 7th, in San Bernardino that lowering rents in Palm Springs during the summer months will have no effect on established ceilings. Mr. Harmon did say, however, that we may expect shortly that his office will take an active interest in seeing that summer rentals are on a price level that the Army will be able to pay.

"We repeat again that these efforts will have no effect on established ceilings."

## Arthur E. Bailey Back on the Job As City Manager

Following an absence of slightly more than six months during which time he served with the United States Marine Corps until honorably discharged because his eye sight failed to meet requirements, Arthur E. Bailey, city manager, resumed his place at the city hall yesterday.

During his absence his secretary, Mrs. Louise McCann served both as acting city manager and as acting city clerk. She will continue as Mr. Bailey's secretary and as acting city clerk.

## Busy Year For Chamber

Board Elected, Reports Heard at Annual Meeting

Reports of activities during the past year and election of directors marked the annual meeting of the Palm Springs Chamber of Commerce Tuesday evening at the Fiesta House of the Desert Inn.

New on the board which will go into office on May 1 are Philip L. Boyd, Cecil Isenagie, Helen Peterson and Fred Ingram. Re-elected to the board are John R. E. Chaffey, Earl Coffman, Francis Crocker, Culver Nichols, Harold J. Hicks, Raymond Cree and Carl G. Lykken.

### ON BOARD NEXT YEAR

These, with the hold-over directors, will serve the Chamber of Commerce next year. The hold-over members are Frank Cutler, William A. Lippman, C. King Charney, Harris R. Posey, Larry Schultz, Austin G. McManus, Stanley Rosin, Thomas H. Lipps, Eugene E. Theriault, and R. F. Outcault.

The directors will meet in the near future to organize.

President Posey reported on the various and manifold activities of the Chamber in the past year. Co-operation with and ser-

(Continued on Page Six)

## Raymond Cree Will Return This Week

Raymond Cree, well known local realtor, who went to the Huntington Memorial Hospital in Pasadena three weeks ago to undergo surgical treatment, is so far along the road to complete recovery that he plans to be home this weekend.

Mrs. Cree went to Pasadena yesterday expecting to bring him back to the Village this weekend.

## Civilian Defense

News of the Activities of The Palm Springs Council

Earl E. Gibbs, director of Civilian Defense for Palm Springs, this week reminded Villagers that with rationing of meat, the matter of supply had passed entirely out of control of the defense council and was now in the hands of the OPA.

Director Gibbs made his statement after numerous telephone calls, letters and personal interviews had registered complaints of shoppers that there was insufficient meat to meet the demand here.

When the Defense Council was using its "number system" before rationing, Mr. Gibbs spent much of his time with packers in the Los Angeles area and succeeded in getting an adequate supply of meat for the Village. But under the new plan, this is no longer possible.

"The Civilian Defense Council, being unable to act further, is not in anyway responsible for any meat shortage," he said. "Complaints to this office, therefore, can do no good."

## Open House Will Mark School Week

BY JACK HOOVER

Palm Springs High School Smoke Signals

With a little imagination, adults living in the Palm Springs High School district will be able to get the thrill of experiencing "good old school days" once again, if they attend "Open House," scheduled to be held at the local high school Friday, April 16.

Not only will parents and patrons be able to explore classrooms and meet teachers, but they will also be able to attend a school assembly program in the auditorium.

### PARENTS TAKE OVER

Regular day students at the high school will be excused after a minimum school day next Friday, so that parents and their friends may "take over" the school from 2:30 p. m. through 9:30 in the evening.

Highlights of programs for the afternoon and evening will be a tea from 4:00 to 5:00, at which hostesses will be girls in the home economics department; a musical and dramatic program in the evening, starting at 7:30 in the high school auditorium; demonstrations by high school departments in commercial work, art,

## Masons Urged to Attend Open House

Judge Guy Pinney, head of Palm Springs Masons, today urged every Mason in the Village to attend the open house scheduled next Friday at Palm Springs high school.

Next week is Public Schools week, an annual event sponsored by Masonic lodges everywhere, and next Friday's program at the high school will mark the local observance of the event.

language and physical education; and exhibits of classroom work.

A detailed listing of events for Open House was released from the high school office today. A (Continued on Page Six)

## STUDENTS WILL BE TOLD ABOUT NAVAL AVIATION BY MEMBER OF SELECTION BOARD IN LOS ANGELES

Naval aviation, a branch of the Navy which has dealt many decisive blows to the enemy, will be fully explained to the students of Palm Springs Union High School this week by Lieut. James L. Brader, a member of the Naval Aviation Cadet Selection Board in Los Angeles.

Lieut. Brader will be at Palm Springs Union high school Wednesday, April 14, from 10:15-11:00 a. m., and will tell eligible students how they can take advantage of the Navy's flight training program. He will also explain how applicants, accepted as Apprentice Seamen in Class V-5 before May 1, will have the opportunity to obtain eight months of college training in addition to the regular 17-month course in aviation.

Seventeen-year-old high school seniors who will graduate before

June 30 of this year, as well as high school graduates in the 17-year-old bracket, are eligible for enlistment in naval aviation.

### COURSE WORTH \$30,000

The proper procedure an applicant must follow to be enlisted will be covered in detail by the naval aviation officer. Men who are qualified will be given an extensive 17-month aviation course valued at more than \$30,000 and conceded as the most complete and thorough aviation training available today.

In his talk Lieut. Brader will emphasize the fact that those who are found qualified must remain in school until they are graduated. Those men who fail to comply with this regulation will be placed on active duty as apprentice seamen in Class V-6 in the enlisted ranks.

All naval aviation cadets, upon completion of their entire training program, are commissioned as Ensigns in the Naval Reserve or Second Lieutenants in the Marine Corps Reserve. The choice of which branch of the service the cadet wishes to serve rests, to a great extent, with him.

## AMERICAN HEROES

BY LEFF

With the bomber pilot killed, the co-pilot seriously injured, both left motors shot away, left wing on fire and a swarm of Jap Zeros all around Col. L. G. Saunders took over his bomber's controls above Bougainville, escaped the Zeros and saved his seven remaining crew members' lives by a crash landing on the water at 95 miles an hour. Navy craft rescued them.

They give their lives—You lend your money. Buy Second War Loan Bonds.

## Interesting and Exciting Career Marks Life of Benar Barzelay Who Will Give Final Concert at Woman's Club April 14

Benar Barzelay, noted violinist, who will present a program of violin solos at a benefit performance at the Woman's club house April 14, began his musical career at the age of eight, singing in a boy's chorus. His first violin lesson was begun at the age of ten in Troy, New York, under the celebrated local teacher, Victor W. Smith. Three years later, he won in an open competition the much coveted Peabody Scholarship for violin and composition at the Peabody Institute in Baltimore, Md.

He also attended the Baltimore City College, and later John Hopkins University — at that time flirting with the idea of becoming a surgeon.

### STARTS CAREER EARLY

As a very young man he joined Leopold Stokowski and the Philadelphia Orchestra and a year later received a contract from Walter Damrosch and the New York Symphony orchestra as first violinist. He held this much coveted position three years when he resigned to form his own orchestra with which he appeared both as soloist and conductor, traveling extensively and culminating in one of the most remunerative contracts ever offered to a young American conductor. The position was awarded him by the Everglades Club of Palm Beach to conduct the season's Symphonic Concerts and open air grand opera at a salary of One Thousand Dollars per week.

In addition, he appeared frequently as violinist at private parties and musicals, getting as much as \$500 for playing a few numbers on his violin.

### MUCH TIME ABROAD

In the Everglades Club enterprise he had the substantial backing of John Charles Thomas, the famous singer, and Mr. Thomas' father-in-law, George A. Dobyne, wealthy Boston industrialist.

Mr. Barzelay has spent considerable time abroad studying and giving concerts on the Continent and in England. He has also played in Cuba, Central America and the West Indies. While touring the first time with Damrosch in Europe, he appeared before the Royalties of five countries and also before two Arab Sheiks and their harems. He hopes someday to play for the Sultan of Morocco, who is a great lover of music.

### HIGHLY HONORED

Sculptors everywhere have sought Benar Barzelay for the modeling of his hands, which have been considered by famous artists as unusually artistic and expressive.

He has also been signally honored by testimonials from world famous musicians including Arturo and Toscanini, Leopold Godowsky, Georges Euesco and Yehudi Menuhin.

But the one he treasures most highly is the picture sent him by the great Spanish musical genius, the Cellist, Pablo Casals, with the inscription—"To my dear friend, Benar Barzelay... from your devoted Pablo Casals."

### HIGH RECOGNITION

He has also won the high recognition of great men in other fields of endeavor and enjoyed the friendship and sponsorship of the late Patrick Cardinal Hayes, who once sent him a beautiful autographed picture of himself, taken in Rome while attending a consistory of Cardinals.

When asked whom he considered the greatest violinist of our time and for the past two or three decades, the tall, slender and keen-eyed maestro answered emphatically—"Eugene Ysaye."

### PRAISES BELGIAN

He said "there are no violinists living to day who can compare

with the great Belgian master," whom he fondly calls the "Isaiah" of all violinists—and after whom he models his own playing. When questioned further as to what special quality distinguished the playing and the virtuosity of his favorite master, the reply was "Poetry; a deep sense of poetic beauty, coupled with the keenest musical intelligence. Only Kreisler and Enesco, among the living masters," he said further, "are worthy of being honored in the same category. Everything Ysaye did had bigness and style. It was what the French call 'The Grand Manner'."

Mr. Barzelay, just prior to the time of the Spanish Civil War, was living in Spain as a guest on the estate of Pablo Casals and Maurice Eisenberg, perhaps the world's most famous cellist today, and Casals' only acknowledged pupil.

### HERE FOR REST

Mr. Barzelay has been spending the winter in Palm Springs where he has come for a much-needed rest, and to devote himself to his musical compositions and to his other writings, which include many poems, essays and articles on the political situation of our time—and to a satirical novel recently begun. He has appeared here in public several times as solo violinist and more recently as lecturer and commentator at Torney General Hospital where he just completed a series of six Sunday evening counsellor for the symphonic programs in the chapel given under Government auspices.

In his final recital for the season he will have the collaboration of a very distinguished physician from Torney Hospital, Major Hans Smetana, who is also an artist pianist and related to the great Czech composer, Bedrich Smetana.

## What You Buy With WAR BONDS

Rural Electrification has made great strides during the past ten years, bringing to thousands of farm homes the conveniences of their city brothers. Today, however, copper wiring, fixtures—all the materials which are required for rural electrification—are "out" for the duration.

The farmers of the nation, however, can start now buying rural electrification and all the equipment which goes with it through purchase of War Bonds. Your War Bonds today will buy rural electrification tomorrow and give you back \$4 for every \$3 you invest.

## Earl Gibbs Joins Board of Directors Of Desert Museum

Earl E. Gibbs, whose varied efforts in behalf of this community have earned him the thanks of the entire town, has recently added yet another facet to his many-sided civic endeavors—he has become a director of the Palm Springs Desert Museum.

Other members of the board, well aware of Mr. Gibbs' full-time activities, nonetheless felt that his presence in the Museum group would be of great benefit to that institution, and put in their bid for his services. Mr. Gibbs, being a good sport, grinned and accepted the added responsibility.

### SEES MUSEUM

"And I'm glad I did," he declared afterward. "I've been a member of the Desert Museum for several years, paying my yearly dues, but I'm ashamed to say that before this honor of directorship was accorded me, I had never even gotten around to visiting the Museum."

"Now, since I've had a first-hand opportunity to see and appreciate the wonderful advantages that it offers to the public, I'm more than delighted to have a part in its direction. Everybody should take the time to visit the Museum—I know that they'd be as pleasantly surprised and gratified as I was to find such an excellent little place of educational interest in our community."

### NEW SECRETARY

Another addition to the Desert Museum group is Mrs. Horace Johnson, who assumes the secretarial duties previously handled by Mrs. Albert Frey. Mrs. Frey's stay in the east necessitated the tendering of her resignation, and the board members feel fortunate indeed in securing the services of Mrs. Johnson in her stead.

## Six Palm Springs Residences Change Hands During Week

Real estate activity continued brisk in Palm Springs last week with six residences here listed in the bought and sold columns in records at the Riverside county court house.

Mr. and Mrs. William H. Hodgeman of Beverly Hills, sold their winter home on Paseo El Mirador to Mr. and Mrs. Orle H. Small.

In another transaction last week, Mr. and Mrs. Hodgeman purchased the residence of Mr. and Mrs. J. H. Parsons at 355 San Carlos road.

Mr. and Mrs. Parsons, in the meantime, purchased the residence of Major and Mrs. R. H. Fleet of San Diego, at 494 Hermosa place, for their home.

Mr. and Mrs. John C. Tyler of Los Angeles, sold their Palm Springs home at 216 Camino Descanso, to Mr. and Mrs. Frank W. Seifert.

Mr. and Mrs. Gordon F. Nicholson sold a dwelling on the northwest corner of Camino Pareda and Calle Fiero to Mr. and Mrs. Abe Goldberg.

In the sixth deal of the week, Mr. and Mrs. Evans R. Mosher of 427 Tamarisk road sold their home at that address to Mr. and Mrs. James A. Sheahy.

The week's transactions kept Palm Springs at the head of the list of county cities in real estate activity.

## Master Plan for City Is Approved By City Council

On motion of Councilman John Connell, seconded by Councilman Cutler, city council Wednesday night adopted a resolution approving the Master Plan for Palm Springs as submitted at a public hearing March 17.

The document provides for a long view policy for the city and embraces streets, public buildings, land use and other provisions for orderly and planned growth.

### Kin of Mrs. Grove Visitor in Village

Mrs. Teresa Sherman of Chicago arrived last week to spend the balance of the season with her sister-in-law, Mrs. Katherine Grove, in the Grove apartments. About June 1 Mrs. Grove will accompany Mrs. Sherman to Chicago to spend the summer there and in Detroit with relatives of the late Jack Grove.

Mrs. Grove recently returned from Los Angeles and Loma Linda, where she took treatments.

## George W. Heigho, Winter Resident, Dies in Detroit

Word was received here this week of the death in Detroit last Friday at 5 p. m. of George W. Heigho, a well known winter resident here, who has been coming to Palm Springs for the past 15 seasons.

Mr. Heigho would have been 82 years of age on May 7.

For three seasons Mr. and Mrs. Heigho were guests at the El Mirador and then, 12 years ago, they built their winter home at 657 Via Miraleste and came here regularly until last season. Mrs. Heigho passed away last June, and Mr. Heigho did not make his usual visit to the Village this season.

He is survived by a son, William S. Heigho, who is now in the army and by two grandchildren and a sister in Los Angeles. Word of his death was received by James H. Mason, a member of the Palm Springs police force, who has been making his home on the estate.

## High Officials of Army Gather Here After Desert Tour

At luncheon at The Desert Inn Sunday was Lt. General Jacob L. Devers, chief of the armored force, with his daughter and husband, Lt. Colonel and Mrs. Alex Graham, Miss Lois Andrews, (20th Century-Fox, Mrs. George Jessel), and Captain Andrew D. Pickard.

Lt. Colonel Devers has just completed his tour of inspection of the armored units located near Palm Springs.

He spoke to officers and enlisted personnel of the 4th and 7th divisions on his trip to Cairo and Casablanca.

He arrived and departed in his special plane, a converted C-60, with the colorful armored force insignia and his three stars prominently displayed.

## Pvt. Martin Flavin Honored at Dinner

Guest of honor at a dinner party given at The Desert Inn Tuesday evening was Pvt. Martin K. Flavin, nephew of Mike Flavin of Palm Springs.

The party consisted of Mr. and Mrs. Mike Flavin and family, Elaine, Gloria, Robert and Joey.

Pvt. Flavin will return to duties at Camp White in Oregon soon.

## Annual Flower and Hobby Show Proves Outstanding Success; Annual Woman's Club Event Delights Large Gathering

BY MARTHA FORWARD

The time was two-thirty in the afternoon on a Monday. The place was the Palm Springs Woman's clubhouse. The event was the annual Flower and Hobby Show.

The flowers were all there in gallant array—shy pansies and violas, bolder roses, regal bird-of-paradise, tropical hibiscus, ruffled petunias, redolent with spice, saucy daisies, nasturtiums breathing their nostalgic vapor drawn from moist, brown earth, daring snapdragons, waxy white callas, fragile iris, and last, but not least, menacing desert branches masquerading under cloaks of vermilion and mauve blossoms—all disproving that old adage, "Full many a flower is born to blush unseen, and waste its sweetness on the desert air."

The prevailing hobby of the club's members must be gardens, for other hobbies, though commendable, were in the minority. There was Mrs. Irving Snyder's enviable collection of snuff bottles of jade, carnelian, rose quartz and many other precious chalcedonies collected from the earth's four corners; Mrs. Levering Moore's oil painting of a garden patio; Mrs. John Forward's oils and water-colors; Mrs. Claude Gottbehuet's hammered aluminum bowls and trays with etched designs; Mrs. Ralph Clock's collection of Royal Doulton figurines; Mrs. Armand Turonnet's dexterous weaving; Mrs. William Lippman's knitting; Mrs. Tip Armstrong's paper weights and Baxter prints; and Mrs. John Crawford's sewing. Mrs. Turonnet, Mrs. Snyder, Mrs. Gottbehuet and Mrs. Forward gave short talks about their hobbies.

### TROUBLE FOR JUDGES

The judges for the flower arrangements, Mrs. Hetty B. Dudley, of the Joshua Tree Studio, Mrs. John M. Crawford and Miss Eady, flower stylist at the Arrowhead Hot Springs Hotel, were in a quandry. It was clearly evident that all the arrangements should receive an award, but they must decide on only three in each class, and the arrangements by Mrs. Ralph Clock, the club's president, were labeled "Non-competitive," but they insisted that such self-effacement should not go unrewarded—so this is the way they compromised.

Pink roses: Mrs. Thomas O'Donnell, Mrs. Gordon Nicholson, Mrs. Ralph Clock.

Yellow roses: Mr. Ernest Lihow, Mrs. Walter Martin, Mrs. Thomas O'Donnell.

Red roses: Frances Kuhrman.

Mrs. Ralph Clock, Mrs. Gilbert Smith.

Mixed roses: Mrs. Ralph Clock, Purple petunias: Mrs. Archie Linkletter, Mrs. Harrison Leussler, Mrs. Charles Burket.

Mixed petunias: Mrs. Harrison taking first and second and L. H. Irwin third.

Pansies: Mrs. Frank Cutler, Mrs. Levering Moore.

Snapdragons: Mrs. Thomas O'Donnell, Mrs. Minnie Smith.

Figurine arrangement: Mr. Ernest Lihow, Mrs. William Lippman, Miss Helen McCallum.

Miniature arrangement: Mrs. William Lippman, Mrs. Armand Turonnet, Mrs. Ralph Clock.

Nasturtiums: Mrs. Isabelle Stewart, Mr. George Quigley, Mrs. Norman Clendenen.

Desert weeds: Mrs. Bradstreet Miller, Mrs. Armand Turonnet.

Flowering shrub: Mrs. Norman Clendenen's hibiscus blossoms arranged on a carved leaf of koa wood, Mr. Harry Irwin.

### RARE SPECIMEN SHOWN

The pots of desert cactae, centered with a rare specimen of "The Crown of Thorns," from the patio of the Vaughn Arms apartments and exhibited by Mrs. Frank Shannon, stood out boldly, flaunting their brilliant colors in contrast to the pastel arrangements flanking them on either side.

The Thomas O'Donnells and Irving Snyders are like the proverbial wise virgins with oil in their lamps—they have full grown vegetables in their victory gardens, judging from their huge trays of tempting radishes, carrots, onions, lettuce, parsley, chard, beets, cauliflower, celery and asparagus, not to mention the pitcher of goat's milk and porcelain bowl of eggs from the poultry yard.

### OUTSTANDING EXHIBIT

The award for the most outstanding exhibit went to Ernest Lihow for his "Afternoon Garden Party," a miniature garden, cleverly constructed, with swans swimming on a miniature pool, and miniature figures strolling on the paths or grouped under the trees around the tea table.

Special awards for originality, line, balance and color harmony were won by Franna Kater, for her arrangement of iris and calla lilies in a huge Chinese brass bowl; Mrs. Ernest La Fleur, for her gorgeous arrangement of petunias; Julia Currier, for her arrangement of yellow roses and leaves from a rubber plant in flat, jade-colored bowl; Mrs. George McClure, for her arrangement of shell pink African daisies with periwinkle marguerites; Mrs. Thomas O'Donnell, for her breakfast tray, set with Irish Belleek china and in one corner of the tray a miniature crystal bowl of Cecil Bruner roses and fresas; Mrs. George Manington, for her figurine of a little girl in pink with desert grasses; and Mrs. William Malouf, for her stunning modernistic arrangement of the lowly kale.

### SWEEPSTAKES AWARD

The sweepstakes award to Mrs. Ralph Clock, for her inimitable arrangement of bird-of-paradise entwined with purple iris, rising from a low crystal bowl, was enthusiastically acclaimed by all.

If the exhibits had been judged for specimens alone, it is certain that some of the first awards would have gone to Mr. Hardin W. Dorsett, for his roses and to the roses contributed from the gardens of Mrs. Herbert Carpenter who is out of the city.

I also award a special to Mrs. Isabelle Stewart's little Mexican ox-cart, wheeled on to a miniature serape, and filled with golden nasturtiums, little Mexican baskets and pottery, and also to the little Dresden slipper filled with tiny flowers.

### ARTISTRY SHOWN

The flower arrangements, with figurine, showed artistry plus originality. Mrs. Walter Lippman's arrangement in a terra-cotta bowl

## Many Gay Parties Feature Week-end At the Desert Inn

Saturday evening at The Desert Inn found many parties in progress. Mrs. C. G. Lykken entertained for Mr. and Mrs. Frederick Rose, Mr. and Mrs. Fred Ingram and Mr. and Mrs. Harry Hanbury.

Col. and Mrs. Mark Smith whose home is in Boston, Mass., stopped at The Desert Inn with their two children, Mark III and Sandra. Col. Smith is stationed near Palm Springs. The children enjoyed the Inn pool.

Mr. and Mrs. Albert H. Burki entertained for Mrs. R. J. Walsh and Miss Lowie Staggs.

The John Hamricks of Seattle had as their guests Mr. and Mrs. Carl Haymond of Palm Springs, Mr. and Mrs. B. F. Shearer of Seattle, Mr. and Mrs. E. E. Barber of Los Angeles, and Mr. and Mrs. Hugh Bruen of Whittier. The Barbers are house guests of the Hamricks and the Bruens are house guests of the Shearers.

Lt. and Mrs. Lewis N. Madeira celebrated their first anniversary at The Desert Inn Saturday evening. Aiding in the festivities were Lt. King Sullivan, Lt. K. M. McMurtry and Lt. H. C. Suter. All are of the 87th reconnaissance battalion.

At another table were Col. and Mrs. Maurice A. Selinger and son Johnny, and Lt. Col. and Mrs. Montgomery Blair, Jr., with their daughter Beatrice.

The party was given in honor of Beatrice Blair who will return soon to her studies at the Katherine Branson school in San Francisco.

## Wives of Officers Enjoy Bridge Party

Wives of officers stationed at Torney General hospital met one day recently for an enjoyable afternoon of bridge.

The party was held at the Officers' club and Mrs. A. B. Jones, wife of the Torney commanding officer, made the arrangements for the delightful affair.

of a low clump of castor-bean overhanging "The Water Hole" where a miniature, striped zebra was quaffing the cooling waters. A small, white nymph, rising from a lake of pink oleander blooms, over which small white birds poised in flight, was arranged by Helen McCallum, while a modernistic effect was achieved by George B. Davies with his peasant figurine, purple petunias and desert grasses in turquoise bowl.

The "White Elephant" booth proved popular and amusing, as Mrs. Harrison Leussler discovered, and many went away with some article that others wished to discard.

### SOLOS ENJOYED

Complementing an afternoon of artistic expression, Mrs. Claude Gottbehuet presented Ruth Anderson Ashcroft, concert pianist from Honolulu and London, in a program of piano solos.

Miss Ashcroft played with brilliant execution and sensitive virtuosity, "Rhapsody in G minor"—Brahms, "Fantasie Impromptu in C sharp minor"—Chopin, "Sing a Song of Sixpence"—Leo Liven, "Valse Brillant"—Manna Zucca, and responded to the enthusiastic applause with "Etude in F minor," by Arensky.

### LAST MEETING APRIL 19

Mrs. James B. Oliver, hostess for the afternoon, was assisted by Mrs. Frederick J. Watson, Mrs. Gilbert W. Smith, Mrs. Helen Thomas Peterson, Mrs. Maurice Libbot, Miss Jean Johnston, Mrs. Harold Barkow and Mrs. Alvin Weingarten. Mrs. Watson and Mrs. Smith presided at the tea table, centered with a huge bowl of Talisman roses.

Mrs. Thomas O'Donnell announced the last meeting of the year, on Monday, April 19, will be a "Celebrity Tea." Ruth Cornell Fuller, interpreter of world literature, books, plays, poetry and philosophy, will give Louis Bromfield's "Miss Parkington."

With her on this program will be Henrick de Boer, tenor from Holland, who will have as his accompanist, Maestro Risser Patty, and Anthony Euwer, poet, who will give his own witty verses.

## Army Officer and St. Paul Girl Wed In Ceremony Here

Miss Dorothy Goldbloom of St. Paul, Minn., became the bride of Major Robert Broucher of Camp Young, who also hails from St. Paul, at a ceremony performed at his bungalow in the Palo Verde tract, last Saturday night. Chaplain McLeod of Camp Young officiated at the wedding. It was a military wedding attended by officers from the Desert training center and by Mr. and Mrs. M. Van Cleef of Palm Springs, friends of the bride.

## Mrs. Kenneth Kirk Hostess at Party

Mrs. Kenneth D. Kirk was hostess at a cocktail party at her home on Camino del Norte Monday for William Noble of San Francisco.

Guests were Mrs. Ona Brown, Mr. and Mrs. Loren Holmwood, Mr. and Mrs. Frank Davies, Mr. and Mrs. William Malouf, Mrs. J. Darsie Lloyd, Mrs. J. Frank Meyer, Mrs. Arthur Henry, Mrs. Paul Friedlander, Miss Virginia Henry, Basil Brewer, Mr. and Mrs. Frederick Rose, Mr. and Mrs. Frank Cutler, Mr. and Mrs. Lee James, Mrs. Anita Walton, Mrs. George R. Branson, Mr. and Mrs. Harry Hanbury, Mrs. Evelyn Mitty, Mr. and Mrs. George Roberson and the guest of honor, Mr. Noble.

## Mr. and Mrs. Simsarian Hosts to Alaskans

Mr. and Mrs. Henry Simsarian were hosts Thursday night at a dinner given for a few friends here from Alaska.

Guests were Mr. and Mrs. George Marsh of Anchorage, Alaska, and Charley Marsh of Oakland, and Art Schanback also of Anchorage.

## Palm Springs Man, Detroit Girl, Wed

Eugene Bolle of Palm Springs and Shirley Jean Holmes of Detroit, Mich., were united in marriage Friday afternoon by Justice E. A. Stobbs in West Riverside. Witnesses were Tobert N. Two-way and James H. Biller.

Visiting at The Desert Inn with Mrs. Gilbert Duffy and Miss Nell Reardon who have been at The Desert Inn for some time, are Mrs. Tom Mesdag and Mrs. Milano Rispoli, all of Seattle. They are enjoying the desert sunshine and spring flowers.

The nation's highways, too, are doing their part for victory. In addition to the large volume of military traffic, the bus lines carried three-quarters of a billion passengers in 1942—nearly six times the population of the U.S. And still more are riding this year.

These millions are not traveling for scenery or pleasure. Most of them are selectees, military personnel, and war workers. Others are farmers, nurses, teachers—people in nearly every walk of life whose trips in some way or other are essential to the national welfare.

Greyhound is putting all its efforts, experience and resources into helping perform the biggest transportation job of all time. That is why our service to you now cannot always be what we would like to give, or what you have come to expect of Greyhound. We appreciate your patriotic

consideration of these conditions created by the war.

But when victory is won, travelers will be rewarded. Then you can look to Greyhound for a brand-new chapter in comfortable, convenient, enjoyable highway transportation.

### WARTIME TRAVEL SUGGESTIONS

You will help the war effort and have a better trip if you do these things:

1. Consult your Greyhound agent for information and get your ticket in advance.
2. Travel in mid-week rather than on week-ends.
3. Carry as little baggage as possible.

## Enjoy a Cool Summer!

- Many people believe Lake Arrowhead has the finest Spring and Summer climate in California.
- Last season I leased 237 furnished homes here, and I was OUT of rental cottages before the summer was half over.
- Lake Arrowhead homes have all the comforts and utilities, viz.: pure mountain water, natural gas, electricity and a complete sewage system.
- We have modern stores, theatres, dance casino, bowling, and plenty of other pleasures for you to enjoy, mainly boating, bathing, fishing and swimming—in the cleanest and most beautiful lake in California.
- If you wish to purchase, I have a few, VERY FEW, real bargains, left at this time.
- We expect this to be our busiest season, so if you wish to RENT or BUY, drive up NOW or write, or phone me at No. 710—as two weeks from now will be late, and a month from now will be TOO late. Be early.

# THE 2<sup>nd</sup> WAR LOAN STARTS APRIL 12

## 13 billion dollars must be raised!

### Palm Springs' Quota Is \$207,404

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we must do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

#### We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year still won't be enough!

#### We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

#### And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion extra dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going

to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake—for your own sake—invest all you can!

#### There Are 7 Different Types of U. S. Government Securities— Choose The Ones Best Suited For You:

UNITED STATES WAR SAVINGS BONDS—SERIES E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2½% TREASURY BONDS OF 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

OTHER SECURITIES: Series "C" Tax Notes; 7-8% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

## Nip and Tuck Race For Air Base Pin Honors Continues

Tuesday night's matches showed the Radio team battling its way to the front with the 459th right behind them with only a small margin to go.

It will still be nip and tuck as the Radio team and 459th are battling the fifth place 14th line and the sixth place Hotshots next week. As it goes in any sports, anything is liable to happen, so it's opportunity time for either the Radio or the 459th to come up even or one sail ahead.

Pvt. Hora pulled up out of third place to take top honors for the week as No. 1 man, with a score of 163, with Pvt. John Gilgut moving into second position with a score of 162. Last week it was a deadlock between Pvt. Gilgut and Cpl. William Smith. Smith, now holding down fourth position with a score of 160.

This completes the ninth week of bowling and the men are still going strong.

Next week's schedule is Hotshots vs. 459th line, Radio vs. 14th line, Transportation vs. NCO's, and Utilities vs. Cooks.

Team standings:

Teams	W	L	Pct
Radio	24	8	.750
459th Line	22	10	.687
Cooks	20	12	.625
Transportation	15	17	.468
14th Line	15	17	.468
Hotshots	13	19	.406
Utilities	13	19	.406
NCO's	6	26	.167

## Major Shaeffer Here To Visit With Family

Major Joseph Shaeffer, formerly connected with the Torney General Hospital staff but recently transferred to another post, was in Palm Springs this week on a four-day visit with his family here.

Major Shaeffer came here on a two day visit but just before boarding a train received a telegram that his leave had been extended for two more days.

The family will remain here until the end of the school term.

## Roller Rink Draws Many Officers and Men During Week

Truckloads of officers and men from desert training camps come to the Palm Springs Bowl roller rink three or four nights a week to enjoy roller skating.

As summer approaches this place is becoming more and more popular with the men in uniform and many young ladies and men of Palm Springs. The rink is open evenings only from 8 to 10:30.

The building will soon be air conditioned and the regular weekly dances will be held throughout the summer and early fall.

## Canadian Aquatic Champion Guest Here

At The Desert Inn pool Sunday Bill Lewin was assisted in his diving exhibition by Pvt. Russ Saunders of the U. S. Army.

Pvt. Saunders was Canadian diving and Canadian tumbling champion. He is on furlough from army training at Fort Riley, Kansas, and will return to Fort Riley before going to Parachute Infantry school at Fort Benning, Georgia.

## Ferrying Command Baseballers Break Even During Week

Defeating an Indio army team and losing to a Torney hospital team was the performance of a squadron softball team of the Palm Springs unit of the California Group of the Ferrying Division, Air Transport Command this week.

Playing under lights at Recreation park, the local air basers took Indio by a 5 to 3 score behind the excellent pitching of Cpl. Glen Cartwright and timely hitting by Pvt. Joe Zarcone in the third inning when four runs were scored to put the game safely away.

Cpl. Cartwright was on the mound again against Torney but his mates found Pitcher Greene of the medics in form and lost a 3 to 2 decision.

Additional games are scheduled next week with tough football and volley ball games also carded under the direction of Acting Sgt. W. J. Vesteno.

## "I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

What about Congressional committees?

There are 46 Standing Committees of the House of Representatives; varying in members from 2 to 43, and varying greatly in importance. A committee of relatively small importance to the members generally, might well be the most important committee of all to the people of a particular district. A Congressman requests the committee appointment he wants, and then may wait for weeks to get on that committee.

"Seniority" is the word in Washington! It is the password for appointment to committees; it is the rule for taking part in the committee's proceedings, and it is the order for appointment to conference committees between Houses. I suppose every new member has at some time or other in his first weeks in Congress, chafed at the restrictions imposed upon him by "seniority." Perhaps it is well he does chafe a little, for seniority also, by its unwritten law that the longest term member of a committee, on the majority side, becomes automatically the chairman, certainly gives the Congress some committee chairmen who would not, shall we say, have been chosen by popular vote. It imposes the "to be seen and not heard until your turn comes" rule upon the new men, and it might keep from a committee to rewrite a bill, the only man on either House or Senate committees who really knows anything in detail about the subject under discussion.

Some of these things may change with the years; perhaps they are more noticeable now, in the changing temper of the people, but little by little we learn that these restrictions have their reasons when one learns the procedures. The new man learns that "seniority" is also his protection for staying on the committee in which his interest lies. The conference "handicap" can be an advantage in putting experienced conferees into a huddle, where green men might lose the proverbial shirts, and the older men will welcome, from the newer mem-

ber, the information and suggestions they must have in the conference.

With 435 members, there must be regulation and there must be procedure; the thing is to adapt oneself, and then work for improvements.

California men have been well treated in committee appointments, much better than in previous years perhaps. I am preparing a mimeographed memorandum, showing the committees, particularly those on which Californians serve, and the duties of the committees. I will send a copy to every newspaper and to every library in the district. It will be ready in a few days.

For myself, I have been treated with embarrassing consideration. When I came to Washington I seemed to be accompanied by a wave of desire to have me on the House Committee on Agriculture; various associations asked this, and the farm groups, and many individuals. The delegation asked for it. Party lines meant nothing; a Democrat had as much to do with the fact that I am today on the committee, as any Republican.

It was one of those "impossible" requests. There were no vacancies; it was an "Exclusive" committee (which means that its members have no other committees)—and it was out of the question for a new man to think of it anyway! All committee appointments are made by the parties, to fill the places assigned each party. The Democrats, having three vacancies, generously gave the Republicans, who had none, one of these. That went to a man from Colorado who had worked two years to get on that committee. The pressure continued. Finally, to make a long story short, and extra place was made on the committee, by agreement between the majority and minority leaders, especially for me, thus making the committee 26 members instead of 25. With Congressman Vorhies also now on the Democratic side, the State of California, for the first time, has representation on the committee of first importance to it.

In the meantime I had been serving on the Committee on Expenditures in the Executive Departments, which is a sort of continuation of the work Poulson (who is also on it) and I did on the Joint Legislative Fact-Finding Committee in California; and also on the Committee on Irrigation and Reclamation, which is of very great interest to the 22nd District. I have had to resign from the former, but have been permitted to stay on the latter, in addition to the "exclusive" committee. I am also on several delegation committees, including meat and guayule. I do not need to tell you that I am honored, and that I feel the recognition is for the District, and for California agriculture, rather than a personal one.

## Mrs. Brady Resigns Ration Board Job

Resignation of Mrs. Frances Brady as stenographer and clerk at the Palm Springs office of the War Price and Rationing Board was accepted by city council Wednesday night.

By SAM HINTON  
Director of the  
Palm Springs  
Desert Museum

THE BASIS OF LIFE

Without plants, life as we know it could not exist. Lions, jellyfish, antelope, men—all are completely dependent upon the vegetable kingdom for life. Those that don't eat the plant in the first place do eat plant-eaters; it all comes back to the fact that only plants are able to convert energy directly into food.

For all the energy on the earth comes to us from the sun; any action or process taking place here can be traced back to that source. We know that all animals use energy in everything they do, and that this energy is obtained from the food they eat. And as there is no creation or destruction of energy, we know that this energy had to be in the food all the time. And it came from the sun—countless billions of horsepower of it, pouring down endlessly on green leaves which harness it to the manufacture of food. Perhaps we shouldn't say leaves; rather, it is the green stuff of the leaves that does the work. This is known as chlorophyll, and it works as well in a microscope diatom as in a twenty-foot palm leaf.

## FASCINATING STORY

This process of the energy-to-food transformation is one of the most fascinating stories to be found in nature, and we still do not know all we should about it. Scientists are constantly at work uncovering its secrets, and we may hope that someday the whole of the tale will be within our grasp.

To examine this process in a superficial way, let us begin by following a particle of water from its place in the soil until it becomes a part of a tree. This drop is so mixed with the soil that it could not be squeezed out by the most powerful presses, but it may be extracted by a microscope root-hair! These hairs occur by the thousands on and near the growing tip of the root hairs; they grow from the woody part of the root, wrap around soil particles, and by some near-magic process extract the water. Each hair takes in an extremely small amount of water, but there are so many of them that they are able to nourish the greatest trees.

The largest of the root-hairs are about one third of an inch, while the smallest measure scarcely one two hundred and fiftieth! But they occur in the greatest profusion, thoroughly penetrating every particle of soil near them. One scientist counted and measured the root hairs sent by a species of grass into one cubic inch of soil; and, unbelievable as it may seem, he found their combined length was four thousand feet—about four-fifths of a mile! And when you think of the number of cubic inches of soil surrounding an entire root system, the figures become almost astronomical. Not all plants have this many hairs on the roots; for example, a soy-bean plant shows only forty seven feet to the cubic inch of soil. And at the other extreme is the winter rye plant, which was shown to have a total of fourteen billion hairs with a combined length of 6,600 miles!

## TAKES MUCH WATER

These figures seem staggering, and almost unnecessary, but when we see the work they represent, we can understand them

better. It takes a great deal of water to keep a plant going, and all these root-hairs are a necessity. Water is continuously drawn up, from the roots to the leaves, where part of it is transformed to wood and the majority is "sprayed" into the atmosphere. A single stalk of corn will thus lift around 440 pounds of water in its brief growing season; an acre of grass in a damp meadow may lift as much as six and a half tons of water in a single day. And an apple tree hauls up about four gallons of water every hour; an acre of orchard ground with forty trees on it lifts sixteen tons every day! The amount of water depends upon the leaf-surface; for this reason, a grass plant, having a relatively greater surface of leaf, draws more water in comparison to its size than a tree.

All this water is taken, together with the minerals it may contain, into the middle of the roots, where it goes into tubes that extend to the smallest leaf in unbroken sequence. It is through these tubes that the water is pulled—or pulled itself—upwards. If we pull a piece of wire, it supports a lot of force before it breaks. A piece of string breaks more easily, but will still bear some weight. And a thin column of water contained in a wooden tube breaks more easily yet, but it has some strength—enough to support its own weight. As the top of the column evaporates through the leaves, the water is simply pulled upward, by its own tensile strength.

## ALL LEAF COVERED

As these tubes progress outward into the limbs and twigs, they become ever more and more branched, until they arrive at the leaves themselves. Here we see them as veins in the leaves, although there are many, many tubules that are far too fine to be seen without a microscope. In fact, these pipelines are so small that no part of a leaf is more than 1/125 of an inch away from one of them.

The cells of the leaves are differentiated to perform various functions. The palisade cells contain the wonderful chlorophyll that causes sunlight to turn water and gases into food. And there are spongy cells in which the exchange of air and water take place. The 98 per cent of water that goes out into the atmosphere passes through wonderful openings called "stomata" which close when there is a deficiency of water; this evaporation, as we mentioned before, is necessary as it supplies the force to pull water up from the roots. The other two per cent of water combines with the newly-manufactured food, making a thick fluid, and this travels back down through special tubes near the surface of the plant—just under the bark in trees—and supplies all the parts of the plant.

## CYCLE GOES ON

And so the cycle within the plant is complete—water to food to plant-tissue; and when the plant, or part of it, is eaten by an animal, the cycle goes on.

For example, here I am. I am writing this article, using energy that was obtained from eating asparagus, which was nurtured directly from sunlight, and beef, which grew by eating plants. The energy I used—a great deal of energy, too!—by standing in line to get the beef came from plants! And the typewriter I'm using is made of metal which was molded by the effect of heat from coal, which is nothing more than million-year old plant matter which obtained its energy from the sun.

When we see a green leaf, it is an awesome thing to realize that the sunlight that strikes it serves not only to sustain that leaf, or that plant, but the life of a whole planet!

A great deal of this material was obtained in an excellent

## Sidewalk Washing Will be Regulated

Washing of sidewalks and streets will be regulated under terms of an ordinance being drawn by City Attorney Roy W. Colegate for presentation to city council at its next meeting. The ordinance was suggested by Ray Sorum, director of public works.

## Council Approves 2 Police Appointments

Appointment of Marian E. Sturkie and Lois Lux as desk clerks at the Palm Springs police station by Chief Lyle J. Sanard to replace men called into the armed service, was approved by city council Wednesday night.

They will handle two of the three shifts at the desk, relieving men officers for outside duty.

book called 'This Green World,' written by Rutherford Platt and published by Dodd, Mead and Company.

Seen dining at The Desert Inn last week were Mr. and Mrs. Frank Hogan.

## Lana Turner Again Weds Stephen Crane In Secret Ceremony

Screen Star Lana Turner, who a few weeks ago leased the Charles Morrison home near the Racquet club, and Stephen Crane from whom she asked an annulment of their marriage of seven months early this year, are again man and wife according to Louella Parsons, noted International News film writer.

The second ceremony took place at Tia Juana Sunday, March 14, the day before Crane was inducted into the United States army. They were re-married under their real names, Julia Turner and Joe Crane.

The film star and Crane eloped to Las Vegas July 17, 1942, and after seven months of matrimony, Miss Turner asked an annulment.

Miss Turner has been living here quietly with her mother, awaiting the arrival of a baby, expected in July.

## This Time It's Up to Us!

WE on the home front face one of the most personal challenges of this war to date. That challenge is whether or not we are willing to sacrifice to a sufficient extent to lend our government \$207,404 within the next few weeks. Nationally, the goal is 13 billion dollars.

To do the job, you and I, and everyone we know, are going to have to dig down in our sock—to dig out some of those dollars we have salted away for a rainy day—as well as to take a good hunk out of this month's pay check.

This is a job that has to be done. Sure, we in the Village are feeling the pinch of war. We have gasoline rationing, food rationing, higher taxes, and a lot of other little discomforts. But they are nothing compared with the agonies faced daily by our men—men from this community among them—out there on the fighting fronts of the world.

Yes, we know that this constant demand for more money out of our pockets and out of our paychecks—an increasing amount each month—is monotonous. But so is sitting in a fox-hole or lying in a slit-trench day after day, slogging through the hell of a humid jungle or that of Sahara sand.

Our sons, friends, brothers, husbands and others we know are doing that for us. They are facing something more terrible than cutting down on a few things that we once thought were essentials to the American standard of living in order to do it, too. As Secretary Morgenthau has said: "Shall we be more tender with our dollars than with the lives of our sons?"

The Second War Loan is an order to the home front to go on a new offensive. Your dollars are the weapons in this attack. They will make possible the passing of the ammunition to those boys up there in the front lines. To win this war is going to cost more and more money—and more and more and more lives. But the price of freedom is high. We can not; we dare not let our fighting men down.

You can't let George do this for you. You must pitch in with your dollars. Just keep in mind those boys in the front lines. They give their lives—you lend your money! Don't wait for someone to come around and ask you to do it. Do it today—and do it until you feel worthy of them.

## War Board Assists In Farm Deferments

Assistance to essential farm laborers and their employers in obtaining occupational deferments under provisions of recent modifications of Selective Service regulations is being offered by the Riverside County USDA War Board. Working in close cooperation with the Local Selective Service Boards, the War Board is furnishing the information concerning the occupational status of farm workers and assisting in the relocation of experienced workers not now in essential farm jobs.

Importance of keeping draft boards currently advised on the status of farm workers was emphasized this week by Mr. H. D. Roberts, county USDA War Board Chairman. According to Mr. Roberts, each employer should be certain that information concerning the status of

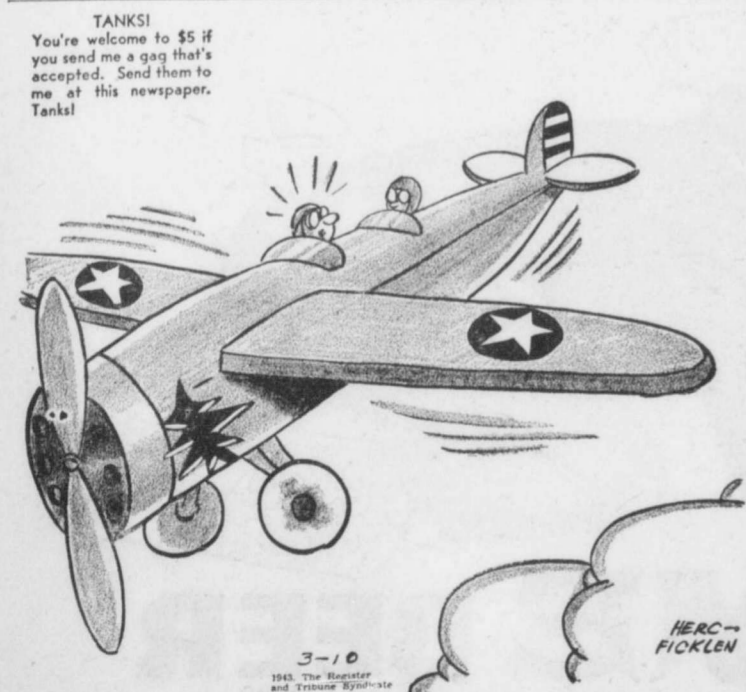

every essential worker in his employ is filed with the local Selective Service Board with which he is registered. This information should be supplied in writing on Selective Service Form 42-A, and a new form should be prepared each time a worker changes his status. The necessity of supplying all essential information in writing rather than verbally was stressed.

The War Board may also initiate requests for deferment or file appeals for essential workers. A special procedure is necessary in the case of an essential worker who has already received his notice of induction. The county USDA War Board should be notified immediately and the matter will be referred through the State War Board to state headquarters of Selective Service.

Workers and employers may obtain full information and assistance in filling out necessary forms from the County USDA War Board office at 3646 Ninth Street, Riverside, California.

## Recreation Policy For Palm Springs Approved by Board

City Council Wednesday evening, on motion of Councilman Eugene E. Theriault, approved a policy for recreation in Palm Springs as drawn by the recreation commission and submitted to the council in a committee of the whole meeting on March 24.

The program provides for the continuance of recreation for the armed forces stationed in and around Palm Springs at the Field Club and at such other places as may be necessary within the financial ability of the city and for interim while the city's application for federal aid for the Field Club project is pending.

### DANCES INCLUDED

Provision for community dances is included but with the reservation that if they are conducted at a financial loss to the city, they shall be discontinued.

Plans for the use of swimming pools here during the summer months for the use of children and servicemen are outlined in the program approved.

The commission also asked the city council to proceed with plans for leasing property close to the center of the city for recreational purposes in the coming fall and asked permission to prepare estimates of the cost of this project.

### ASK SCHOOL AID

It was also asked that the council authorize the commission to negotiate with the schools for an agreement for financial participation by the latter in a program of recreation for school children.

Results of such negotiations will be submitted at a later meeting of the council.

## Open House...

(Continued from page 1)

condensed copy of the program to be given to visitors next Friday is reproduced here:

### PROGRAM FOR OPEN HOUSE

Friday, April 16

Part 1—Afternoon  
2:30—5:00

2:30-3:30—Classroom exhibits and visits with teachers.

3:30-4:00—Demonstrations.

a.—Life drawing demonstration, including portraits of visitors—Room 8.

b.—Spanish skit. Room 10.

c.—Inter-class typing contest. Room 4.

d.—Physical education tumbling exercises, auditorium.

4:00-5:00—Tea, home economics department.

Part 2—Evening  
7:30-9:30

7:30-9:00—Program in high school auditorium.

Music—high school band—Miss Margaret Clarke, director.

Student panel discussion—Social Science department.

Music—Girl's Glee Club, Miss Margaret Clarke, director.

Vocal duet—Barbara Burton and Robert Roy.

Monologue—Elsa Kofeldt.

Accordion solo—Marilyn Miller.

One-act comedy staged by Speech Class.

9:00-9:30—Classroom exhibits and visits with teachers.

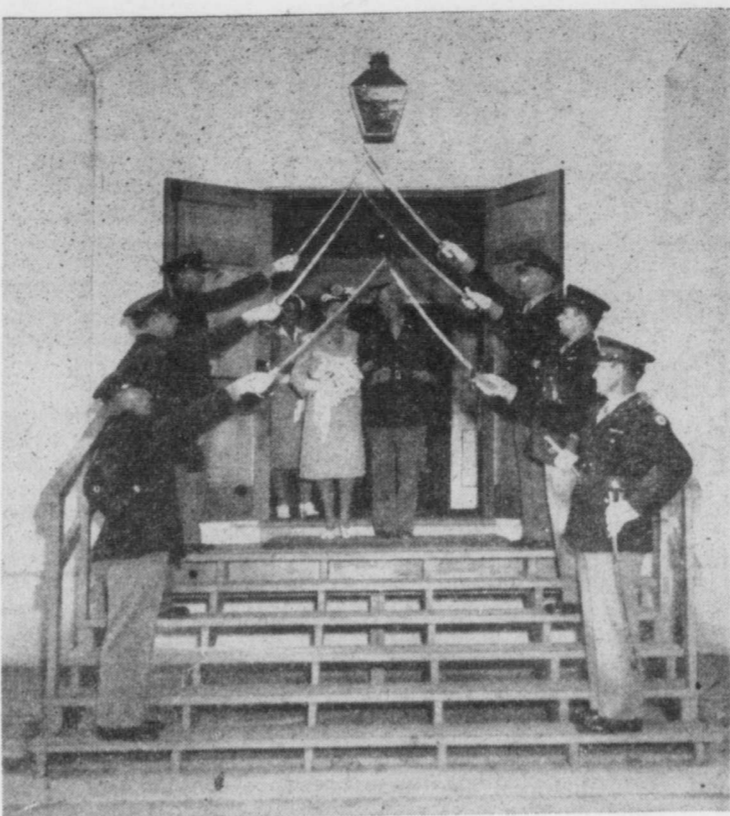

## Miss Schmid and Lt. McKinley Will Wed April 26

Miss Dorothy Schmid of Banning and Lt. Stanley McKinley of Palm Springs have chosen April 26 for the date of their wedding which will take place at the Banning Catholic church at 10 o'clock in the morning.

The announcement of the engagement of the lovely, blonde bride-elect was made a few weeks ago by her aunt, Mrs. W. F. Roberge in Banning. Lt. McKinley is stationed at Torney General Hospital.

ACTION!—A bit of excitement from "The Wrecking Crew," a story of hard-fisted but soft-hearted men with Richard Arlen, Chester Morris and Jean Parker, which is shown at the Palm Springs theater April 11 and 12.

FIRST AT CHAPEL—Lieutenant and Mrs. Joseph S. Sickler (Ina Hinners) leave the post chapel at Torney General Hospital after their marriage there recently. It was the first ceremony performed at the new chapel. Lt. Sickler is postal officer at the hospital, Mrs. Sickler a well-known Palm Springs resident.

## Schools Open Drive To Buy 10,000 Jeeps

THE little jeep which is serving so nobly from Guadalcanal to Africa has become the symbol of the gigantic efforts of millions of American school children in their War Savings program.

Thousands of public, private and parochial schools soon will be displaying a certificate of honor from Secretary of the Treasury Henry Morgenthau, Jr., signifying that they have paid for at least one jeep by buying \$900 in War Stamps and Bonds.

Countless others will be flying the Schools At War banner awarded to schools with 90 percent pupil participation in War Savings.

Ten thousand jeeps and a hundred bombers! This is the new goal of America's schools as 30,000,000 children continue their Schools At War program under the auspices of the Treasury Department and the U. S. Office of Education.

Results so far in the program reported by Dr. Homer W. Anderson, Associate Field Director in charge

Battle Flags of the Schools

of the education section of the War Savings Staff, are:

More than 7,000,000 elementary and high school students from 30,000 schools have prepared special Schools At War scrapbooks for state and local exhibits.

War Stamp and War Bond purchases may reach a grand total of \$300,000,000 for the school year.

## Veteran Army Officer Succumbs to Illness

Last rites were said yesterday in Riverside for Lieut. Col. Harry B. White, assistant supply officer for the San Bernardino Air Depot Control Area Command, who died at Palm Springs Monday.

A veteran of 32 years army service, Col. White was stricken with illness Thursday of last week. He was 55 years of age.

Col. White is survived by his widow, now living in San Bernardino and a sister in Chicago.

The celebrated artist, Sargent, was walking down the street one spring morning, when he encountered a beautiful young lady, who gushingly exclaimed:

"Oh, Mr. Sargent, you know that portrait of yourself you recently painted, well I have just seen it, and the likeness is so wonderful I just simply had to kiss it."

"Did it kiss back?" asked the artist.

"No," was the puzzled reply. "Then," said Sargent, "it's not a true likeness."

Teach us delight in simple things  
And mirth that has no bitter springs;  
Forgiveness free of evil done,  
And love to all men 'neath the sun.

—Rudyard Kipling.

Fair Motorist: "Oh, I'm sorry, but I'm afraid I have cut off your right foot."

Chivalrous Male: "That's quite all right, Madam, I had a corn on it anyway."

## Busy Year...

(Continued from Page 10)

vice to property owners and servicemen were big items during the year and proved highly successful.

### RECITES ACTIVITIES

He recited help given tax-payers through interviews with county supervisors.

Work of the recreation council and its allied provision of recreation for servicemen here through cordial and close relations with Torney General Hospital, The Ferrying Command and the Desert Training Center were outlined by President Posey.

He detailed progress of the plan to obtain federal aid for the Field Club project and said all applications had met the tests so far successfully and the project now awaited only final approval in Washington.

### ON TRAMWAY BILL

Steps toward obtaining passage at this session of the legislature of the Aerial Tramway bill were told. President Posey said that many meetings had been held with all factions and that great progress had been made toward ironing out all difficulties and obstacles in the path of the measure.

The president reported on the success of the Chamber in obtaining an office here of the National Housing agency which is working toward the relief of the critical housing situation for benefit of defense workers. In connection with the housing situation he told of the work done by the Chamber to find accommodations for winter guests and of the agency set up at the Chamber of Commerce each week-end to aid visitors here.

### MUCH PUBLICITY

Action in returning the lease on the airport on Section 14 to the Indians and their direct lease with the American Airlines was reported.

Palm Springs was publicized in advertising in many big eastern and midwestern newspapers and on the coast, he reported. Other publicity activity of the Chamber revealed that during the year 6815 interviews were held with visitors at the Chamber offices, 5388 pieces of mail received, 9934 pieces of mail sent out, and 3714 folders mailed. These figures, he said, were exclusive of material handed out over the counter at the Chamber offices.

"Why do people walk the straight and narrow path?"

"Because they haven't enough pep to run."

## High School Head Addresses Lions on Education Policies

Dr. Ernest E. Oertel, principal of Palm Springs high school, yesterday told local Lions his concept of education in a highly interesting talk at the club's weekly meeting at the Desert Inn.

Dr. Oertel warned his listeners at the start that what he was going to say was an objection to the present educational philosophy of the nation which is based on the theory that "that which works must be good."

### MUST BE COMPLETE

His philosophy, he said, is based on the premise that education must include spiritual values as well as materialistic values and he said that the present educational policy was based altogether on the latter theory.

He termed the educational philosophy of the majority of teachers as "experimental."

### TELLS OF STRUGGLES

Dr. Oertel declared that the present trend denied the pupil the old established standards and told of his struggles to put the educational plan on a basis that included spiritual values as well as the materialistic side.

He was introduced by W. R. Hillery of Cathedral City, chairman of the day.

Clarence Hyde, president, was in the chair.

## Red Cross Issues Appeal for List of Available Rooms

Headquarters of the local branch of the Red Cross are constantly flooded with requests from relatives of patients at the Torney General Hospital for rooms in which to stay while visiting their kin here.

In an attempt to meet these requests, the Red Cross today urgently requested all Villagers who had rooms to rent at a moderate price to register at the Red Cross headquarters at once.

William R. Gibbs, S/2c, son of Mr. and Mrs. Wilson O. Gibbs, of the Tahquitz Drug, is now stationed at Goleta, Calif., according to word received by his parents here. He joined the United States Navy, in the Coast Guard service, a few months ago.

Mrs. Jack Dennis of Hollywood, Calif., was in Palm Springs this week to visit her mother, Mrs. N. A. Williams, and her sister, Miss Evy Williams of the Royal Palms Hotel.

Mrs. Lester G. Bradley of San Diego arrived at The Desert Inn for an extended stay. Her husband is vice president of the Copley Press and president of the Union Tribune Publishing company.

## Request of Board For Pay Raise Is Ok'd at Hearing

The assembly county government committee Wednesday at Sacramento passed favorably on a bill boosting the salaries of Riverside county supervisors to \$3000 a year, the county auditor to \$3900 and lowering the district attorney's salary to \$4200, according to the United Press.

Introduced by Assemblyman Nelson S. Dilworth of Hemet, the bill was requested by the county board of supervisors. In no case would the salary changes take effect in the present terms of office.

Salaries now being paid are supervisors, \$2100; auditor, \$3600, and district attorney, \$5000.

## Men in Alaska and South Pacific Ask For Fishing Tackle

From the soldiers and sailors in the remote posts of the Aleutians and the South Pacific has come a request for fishing tackle. Inspired by a broadcast from Governor Ernest A. Gruening of Alaska, the San Francisco League for Service Men has undertaken to supply the need. So far its appeal for contributions has been confined chiefly to the immediate San Francisco Bay area. The response has been remarkable, every mail for weeks having brought to the League's headquarters at 1430 Van Ness Avenue bundles of lines, hooks, flies, gaffs, rods and reels which Joseph Springer, secretary of the Pacific Rod and Gun Club, estimates at a retail value of \$5,000. Springer personally goes over all the tackle and reconditions it. Rods and reels are put into the best of working order and shipped for general camp use. Hooks, lines and sinkers are assembled in neat little packets which service men can carry in their kits. As fast as the packets are assembled, they are sent out to the men at distant posts.

These posts are close to waters that teem with fish. Catching them is recreation for the boys, and it means supplementary food for the mess hall menu. It is also pointed out that a handy, compact fishing kit might be of great value to any man whom circumstances have separated from ration supply, either on land or at sea.

The San Francisco League for Service Men, of which Mrs. Alma Spreckels Aul, widely known for her wealth and philanthropy, is president, makes a duty of providing service men, particularly those at remote posts, with almost any wanted article that is not included in government issue. Radios, phonographs, games, books, athletic equipment, pianos, band and orchestra instruments, washing machines, hair clippers—these are but a few of the items that have been asked for and promptly supplied.

The appeal for fishing tackle is now being made throughout the West. Thousands of anglers have old tackle that can be reconditioned. Thousands of others have tackle that might as well be given to the service men, as there will be little chance to use it for the duration. Contributions are being sent to League headquarters in San Francisco because that city is the principal supply depot for shipments throughout the Pacific war area.

Mrs. Clifford Barbee celebrated her birthday Wednesday at The Desert Inn where she has been spending the winter. Packages and cards arrived from her family and friends in Los Angeles who were not able to be with her.

Never has any man plucked the fruit of happiness from the tree of injustice.—Anon.

## \$207,404 Is Goal...

(Continued from page 1)

ity given us by Mr. Howard Ray and radion station KPRO to publicize the Second War Bond campaign. We feel confident in Palm Springs that we will more than meet our quota of \$207,404.

Only two months ago we launched a buy a bomber campaign in Palm Springs, setting our quota at \$300,000. Our citizens entered into the campaign with such enthusiasm that we not only reached that quota in 18 days, but our community purchased \$545,00 worth of bonds during the month of February.

### WILL COME TO AID

When the people of America fully realize the significance and the truth of the campaign slogan "They Give Their Lives—You Lend our Money," they will spend every available penny for War Bonds to finance the purchase of planes, ships, tanks, guns, ammunition and all of the war supplies so sorely needed by our men overseas. Only in this way can we be assured of victory.

I have heard reports that some people hesitate to buy War Bonds because they can find more profitable investments. I wonder if they have ever stopped to think that all investments will prove worthless unless we win this war. An Axis victory would mean that we would be forced to Japan's open door policy and the teeming millions of Asiatics that would swarm to our Pacific Coast would make life unendurable to our people, and we would be pulled down to their standard of living. The Axis would dominate the seven seas and we would lose all of our foreign trade; and America would become a second or third rate country of poverty stricken people.

### MORE THAN SAFETY

So the War Bonds we buy are not only the safest investment in the world, but they represent more than just the interest they earn. They safeguard every other investment and will continue to maintain the value of our money. They prevent inflation and will ward off a depression after the war, because our people can use their War Bonds to sustain themselves during any recession that might threaten us. War Bonds will stabilize all business after the war. When we can again purchase all of the things we may wish to buy, we will have the money for that purpose.

I urge everyone within reach of my voice to buy war stamps and bonds to do your part in winning this war. The slogan "Buy Now" cannot be overemphasized.

### COUNTY QUOTA \$3,671,300

It has been announced that Riverside county's quota in the drive is \$3,671,300.

Quotas for Riverside county cities were announced by M. J. Johnson, Riverside county chairman of the War Savings committee, as follows:

Banning, \$176,515; Beaumont, \$65,582; Blythe, \$111,680; Corona, \$375,535; Elsinore, \$102,859; Hemet, \$151,213; Indio, \$225,971; Palm Springs, \$207,404; Perris, \$117,589; River side, \$1,928,770; San Jacinto, \$57,641; West Riverside, \$150,551.

California's part in the War Savings program as of March 1 was recently announced by the Treasury Department. It shows California as rated only second to New York in sales of Series E Bonds. The December sales in Southern California were 109 percent of quota; January, 99 percent of quota; and February, 112 percent of quota. An estimated two million Southern Californians own E Bonds. One million Southern Californians are investing regularly in War Bonds through the voluntary payroll savings plan.

### WANT NEWSPAPER SUPPORT

Secretary of the Treasury, Henry Morgenthau, Jr., this week issued an appeal to the newspapers of the nation to help put the drive over. In a letter to all newspapers, Morgenthau said in part:

"The people of your community look first to their newspapers for leadership when united action is needed and this loan can only succeed through such action. Speaking for the Treasury and the Allied Newspaper Council, we ask you, therefore, to give this drive your enthusiastic support both in your news and editorial columns and by enlisting sponsored advertising support.

### NEED ALL AID

"We need this all-out support of newspapers to make this drive a success and to demonstrate to our armed forces, our allies, and our enemies what a voluntary and united effort can accomplish on the American home front."

Johnson, in a communication addressed to all newspapers in the county said:

"I know you will give your full cooperation in this drive, not only in the matter of publicity, but in securing sponsors for special pages or smaller advertise-

**TIMELY**—Phyllis Calvert and Robert Donat in a scene from the timeliest picture of the year, "The Young Mr. Pitt," at the Plaza theater Thursday, Friday and Saturday.

## Raise \$17,000...

(Continued from page 1)

asked to contribute, but they volunteered their contributions to the organization which was formed to help them.

### THEATERS HELP

The total of \$17,000 was reached during the past week largely through the fine drive conducted by the local theaters, which, in common with other theaters throughout the United States, have made an appeal to their audiences. Something like \$500 was realized through this channel.

Other amounts were listed as follows: Cathedral City, \$96.50, with 118 members; Desert Hot Springs, \$337.78, with 40 members; Torney General Hospital, \$1307.35, with 304 members; business offices, \$1,119.50, with 274 members; street sales, \$917.02, 172 members; hotel employees, \$503.17, 274 members; and the Reservation, \$395.31, with 180 members.

### ENLIST SMALL ARMY

Other contributions were in response to letters sent out early in the month.

With a quota of \$10,200 for this area, Carl Haymond, who was in charge of the drive as general chairman, and Philip Boyd, chairman of the Palm Springs branch of the Riverside County Chapter of the Red Cross, made early plans for the conduct of the campaign, and enlisted the help of a small army of men and women

ments. I am sure our area chairman will assist you in this."

### SUPPORT CAMPAIGN

Coming to the support of the campaign in Palm Springs, a group of public-spirited citizens this week sponsored a page advertisement in the Desert Sun (see Page 4) urging citizens to join in the drive.

Those whose names appear are DeVine's Market, Do-Nut Shop, Village Sandwich Shop, P. M. Swart, Mrs. Zaddie Bunker, Mrs. Katherine Grove, Acoma Indian Shop, Caliente Cottages, Los Arboles, Palm Springs Produce, Casa Aldea, Sequoia Bungalows, The Frontier Shop, Palm Springs Builders Supply, Sam and Leo Delicatessen, Palm Springs Drug company, Palm Springs Water company, Barney Johnson Real Estate, Casitas del Monte, Casa Cody, Monte Vista Apartments, Ingleside Inn, Pioneer Club, Marcus Cafe, Harold Hicks Real Estate, Milners 5-10-25c store, John W. Williams Real Estate, Dr. Henry S. Reid, Hatchett's Court, La Siesta Bungalows, Palm Springs Florist, Tahquitz Vista Hotel and Apartments, Lone Palm Hotel, Smoke Tree Ranch and Cregar's Indian Trading Post.

The above list constitutes but a small portion of patriotic Villagers but the enthusiasm was so great that the allotted space was filled long before all could be contacted.

**EQUINE STAR**—Roy Rogers and his famous horse "Trigger," starring in "Idaho," with Smiley Burnett and Virginia Grey at the Palm Springs theater April 13 and 14.

## This Side of the Sun

(Continued from first page)

beer for the pilot when he delivers a plane, no matter where it is, in the world. . . And are those pilots really seeing the world!

**COSTLY**—According to the scale of fines assessed in local courts in drunk cases, that last drink, the one which pushes the imbibor over the mark and into the hands of the law doesn't cost him four-bits. That drink costs \$25—which is a lot of cash for an ounce or so of liquor. . . "In these days of gasoline rationing and rubber shortage, why doesn't the state allow diagonal parking on its highways?" queries a Villager. "Think of the gasoline wasted and the rubber scrapped off maneuvering to get into, or out of, a tight parallel parking space!"

**WHAT'S NEW?**—A preacher friend—yes, I have them—says that, really, times do not change. He calls attention to the Old Testament prophet Hagai who said: "Ye eat, but ye have not enough, Ye drink, but ye are not filled with drink. Ye clothe you but there is none warm, and he that earneth wages earneth to put in a bag with holes." . . . That latter reminds me—the state income tax is due April 15. . . . Gentlemen who prefer blonds are in good company. Uncle Sam like's 'em, too. The government has sent out an SOS for long blond hairs to be used in army and navy weather instruments. The only stipulations that are liable to cause trouble are that each blond hair must be 14 inches long, there is no provision for payment—and it MUST be natural.

**BONDS**—This second war loan which starts April 12 reminds me—do you know the one man in the United States who is forbidden by law to buy war bonds or stamps?" asked a smart Palm Springs youngster the other day. I didn't, never having been a quiz kid. "It's Morgenthau," said the smart P. S. youngster.

"Almost 75 years ago a law was passed prohibiting the secretary of the treasury from buying any federal securities." . . . But don't let that hamper your buying in this big bond drive starting next Monday. You aren't the secretary of the U. S. Treasury.

**SO THEY SAY**—In these days of home refrigeration, it's too bad that the old ice pick is becoming extinct. It was so handy to punch new holes in the belt. If you don't think that's important, listen to what Manpower Director Paul V. McNutt said last week: "Every thinking American must realize that our belt tightening process has just begun. Luxuries will disappear from the American scene, and after them, those marginal things which are useful in peacetime but serve no great purpose in the grim business of war." . . . If that isn't enough, here's one by William Elliott of the WPB: "We have planning yet to be done that will put first things first and I mean by first things, anything that will shorten the duration."

**EATING OUT**—"The OPA said

The Desert Sun—7

## WOMEN'S GROUPS ASKED TO RECRUIT HARVESTERS; SCOUT CAMP IN BOGART BOWL APPROVED BY COUNTY LEADERS

Representatives of women's organizations throughout the county were asked to help with the harvesting of fruit and truck crops when they met Friday afternoon in Riverside with members of the agricultural manpower committee.

The ladies were told by members of the manpower commission that it was necessary that farmers have the assurance of their assistance during harvest season so they would not feel hesitant in planting crops now. They were urged to contact their groups and create sentiment in favor of the movement.

Especially critical shortages exist during the cherry harvest at Beaumont, apricots at Hemet, prunes and peaches in Banning and the truck crops in the Riverside area, committee members told women.

M. M. Winslow, county farm adviser; W. H. Wright, county agricultural commissioner, and

last week that the fellow who eats out is going to get an even break on rationing with the lucky stiff who eats what the little woman prepares," said a Palm Springer yesterday. "But what the OPA doesn't know is that he'll get an equal share providing he gets service. Trouble isn't the scarcity of food, it's getting what there is, served to you." . . . Today's order by FDR freezing all cost of living commodities and wages and salaries, is a great thing for the timid man. Now he won't have to explain to his wife why he didn't go in and put the bee on the boss for a raise.

**COFFEE**—President Roosevelt has quit his coffee-making process wherein he used the grounds twice. He is drinking milk because it is healthier. So he says, but have you ever tried twice-made coffee? . . . On the domestic front, the leading lady has a new coffee theory that works well. She has the water boiling and the coffee container extra hot before she starts operations. It takes one less scoop-ful (or whatever they use to measure) per pot to get the same results. . . With so many people off coffee, there's a brisk trade going on in rationed articles by those people who just have to start the day with two cups. . . And there's the woman who got her boy by at half-fare until he was 16—she is reversing the process with her 10-year-old to get coffee.

**James M. Patrick celebrated** his birthday at The Desert Inn last week. Besides Mrs. Patrick, Mr. and Mrs. George Roberson, Mr. and Mrs. H. G. Tallyday, and Mr. and Mrs. Al C. Davidson helped with the festivities.

## REDDY KILOWATT'S War Talks

### CORONA ... LEMON CAPITAL OF CALIFORNIA

Exchange Lemon Products Plant, Corona

Corona not only produced over \$2,800,000 worth of citrus crops in 1942, of which more than \$1,100,000 were lemons, but it is, in addition, the manufacturing center of lemon products for the California Fruit Growers Exchange.

At its Corona plant surplus lemons from all parts of California are converted into commodities of great value in our war economy.

While citrus crops predominate at Corona, the community is also producing important deciduous, truck and field crops, including: avocados, walnuts sweet potatoes, squash, cannery tomatoes, alfalfa hay, dry beans, sugar beets, corn ensilage, grain and hay, bringing the total value of all farm crops to more than \$3,300,000.

Communities like this will make it possible to win the war. We are pleased to serve them.

**CALIFORNIA ELECTRIC POWER CO.**

## Palm Springs Chamber of Commerce Of Camp Peary, Va., Holds Meeting And Then Transfers Break it Up

The Palm Springs Chamber of Commerce of Camp Peary, Va., has been interrupted by transfers but will probably be reorganized as the P. S. C. of C. of Camp Endicott, Rhode Island.

Last meeting of the organization in Virginia occurred when G. K. (Jerry) Sanborn, Milton Hicks, Frank Evans, Hubert Steinmetz and Bob Steffy went out to welcome George Kreimer who had just arrived from Palm Springs and who was still in civilian clothes at the welcoming.

### TWO ARE ABSENT

Two other members of the Village delegation at Camp Peary were unable to be present, Shorty Knupp being in boot camp and unable to leave his area and Walter Colglazier having just been transferred to Hueneme, Calif.

Four of the Villagers at Camp Peary have been transferred to Camp Endicott—Sanborn, Hicks, Steinmetz and Evans. Steffy is still at Camp Peary, in the post office there.

### SUNDAY BIG DAY

Sunday, April 4, was a big day at Camp Endicott with the formal unveiling of a plaque by the late Admiral Endicott's daughter and a review of all the battalions there by Secretary of the Navy Frank Knox, Admiral Morrell, in charge of the all of the Sea Bee activities, Admiral Jacobs, chief of the bureau of the naval personnel, the governor of Rhode Is-

## Miss Nerad Bride Of Stanley Rice at Nevada Ceremony

Miss Elaine Nerad became the bride on March 28 at Las Vegas, Nevada, of Aviation Cadet Stanley Edwin Rice, now stationed at Santa Ana, Calif.

Following the ceremony, her father, J. G. Nerad, was host for the bridal party at the Frontier Hotel at a dinner, the feature of which was a great wedding cake.

The happy couple spent their honeymoon at Fresno.

Mrs. Rice returned to Palm Springs and will be with her mother, Mrs. Mae E. Nerad, while her husband completes his course at the Santa Ana school.

land and scores of high ranking navy and army officers.

Secretary Knox, Admiral Morrell and Admiral Jacobs addressed the men after the review.

### WEATHER IS FINE

Sanborn writes that the weather in New England has it all over the Virginia brand and the camp is a larger and better one than Camp Peary.

"Give my regards to all in the Village and keep sending the Sun. Milt Hicks and I, who are in the same office, enjoy reading it."

## CATHEDRAL CITY

### INSTALLATION LUNCHEON AT TOTEM POLE CAFE

The new officers of the Cathedral City Woman's Club were installed on Wednesday, March 31, in the dining room of the Totem Pole Cafe. The tables were beautifully decorated with roses. On the center table was a large bowl of red roses while at each end of the table were smaller bowls of red and white roses. Both the retiring and incoming presidents wore corsages of roses.

After the luncheon, Mrs. Virginia Lee Osborn gave a patriotic reading. Installing officer was Mrs. Emma McMickle, founder of the club. The retiring president, Mrs. Blanche Zinn, spoke a few words of welcome and the incoming president, Mrs. Kathleen Naef, gave an inspiring address. Her theme being "Carry On." A short resume, portraying five years activity of the club, was read.

### NEW OFFICERS

New officers for the coming year are: Mrs. Kathleen Naef, president; Mrs. Edna Laas, vice-president; Mrs. Carrie Osborn, recording secretary; Mrs. Emma McMickle, treasurer; and Mrs. Grace Earley, corresponding secretary. Board members are Mrs. Florine Keogh, Mrs. Blanche Zinn, Mrs. Ann Reilly and Mrs. Agnes Gould.

New members admitted were May Jenkins and Evelyn DeVall. Among the visitors were Mrs. Etta Lively, Mrs. James Jyle, Mrs. Abbott, Mrs. Henry and Mrs. Virginia Lee Osborn.

### INVITED TO CHURCH SERVICES

The Community church of Cathedral City with services in Town Hall, extends a special invitation to all servicemen and their families.

## Win New U. P. Rail Traffic Posts

R. E. DRUMMY

M. H. FOWLER

To further expedite increased freight and passenger traffic in its Pacific Coast territories the Union Pacific Railroad has promoted R. E. Drummy to the new post of Assistant Traffic Manager. At the same time M. H. Fowler succeeds Drummy as General Passenger Agent.

## Last Rites Said In Glendale for Samuel McCurdy

Funeral rites were said for Samuel McCurdy Tuesday afternoon at the Little Church of the Flowers, Forest Lawn, Glendale. Mr. McCurdy, a resident of Palm Springs for many years, died a week ago at his home, 469 Camino del Sur, at the age of 64 years.

Up to the time of his retirement in 1938 he had been director of the New York Life Insurance company agency in Los Angeles.

During his life time he was greatly interested in boys' welfare work and was vice president of the National Woodcraft Rangers, founded by the naturalist, Ernest Thompson Seton.

Mr. McCurdy was born at Cambria Pines, California, the son of Dr. Samuel McCurdy and Cora Lovey McCurdy, native Californians.

His wife, Anne Holt McCurdy, survives him.

### Frederick R. Frost At Iowa Navy School

Frederick R. Frost, 19, of Palm Springs, is now at Ames, Iowa, studying for a petty officer's rating at the navy's trade school for electricians at Iowa State college there. Special training schools for Diesel operators and electricians mates are being held at the Iowa college.

## What You Buy With WAR BONDS

Washing machines and other household appliances are not available today. Manufacturers have converted their plants to war work. If you save today, however, by buying War Bonds, this money saved will start these factories rolling and put millions of Americans to work after the War is won.

Join the payroll Savings plan at your office or factory. Save a definite amount every payday, ten percent or more of your pay check. Your pay check today buys a payday for tomorrow and gets you \$4 back for every \$3 you invest.

## TORNEY HOSPITAL RED CROSS NOTES

Sounds from half a dozen musical instruments, chatter of men, pounding of hammers and buzzing of saws mingle with the constant tramping of patients visiting the new recreation building at Torney General hospital every afternoon and evening. Since the Red Cross staff has moved into the building, patient recreation activities have reached a new level both in variety and numbers participating.

Moving picture shows two nights a week bring the largest single group to the building, with both the performance at 5:15 p. m. and 7:15 p. m. showing to a full house. The recent arrival of the new screen and blackout drapes for the windows have added much to the enjoyment of the shows. New stage curtains are on hand, waiting to be installed, and with their hanging, the auditorium will be completely furnished.

### RECORDING MACHINE

A recording machine has added much enjoyment to the program, affording patients the opportunity to send talking letters home. Recordings of their instrumental performances, solo and group singing have been accompanied by considerable enthusiasm.

Two radios, a small one for the lounge and a combination radio-phonograph for the auditorium have given the patients the chance to play their favorite recordings and hear daily broadcasts during the afternoon and evening hours. Whenever there is no show in the auditorium, a pianist from the group of patients can be found playing anything from the classics to the latest jive and always a group gathers to listen and join in singing favorite songs.

### CRAFTS POPULAR

Crafts, ranging from belt making to building articles of furni-

ture keep many of the men occupied every afternoon. Construction of model jeeps, planes and tanks has proved one of the most popular of the craft activities. Art classes have been scheduled for two times a week, with patients receiving instruction in cartoon work, poster making and drawing. Already the class has kept the recreation staff provided with posters announcing all special events in the building.

Outdoor activities include ping-pong, shuffleboard and croquet, with tournaments planned at regular intervals to keep a real competitive spirit alive among the players.

### MANY SPECIAL EVENTS

Special events for the men are the weekly rides on Thursday, when the patients have the opportunity of visiting the Village and side trips to interesting spots. Every Monday through Friday a group of men are taken by the Red Cross motor corps to the USO for the afternoon and have the use of the swimming pool if permitted by their ward officers.

Shopping services and package wrapping and mailing are done by the Gray Ladies, who spend their afternoons assisting with the recreation program both in the wards and the building every day.

A happy program combined with useful activity for every patient in the hospital is the aim of each of the Red Cross staff and the trained volunteers working under the direction of Miss Ruth E. Thomas, field director at Torney General hospital.

## FERRYING COMMAND NEWS NOTES

459th Base Headquarters and Air Base Squadron, Ferrying Division, Air Transport Command, Municipal Airport, Palm Springs

A fortnight ago we passed a remark in print about the irony of getting a furlough to work on a farm and then coming back to the army to peel the potatoes you just raised. We didn't carry remarks beyond the preparation stage into the stage where the goodness is in the eating, nor did we dream that such a procedure might visit our post. But—it has happened here!

Not with spuds, however, but with that delicacy which has graced our breakfast tables and which finally wound up into delicious shortcake—strawberries!

They were picked and cleaned by our own K. P.'s and eaten with gusto by the entire post. And what is equally as important as the joy of devouring them is the fact that pounds upon pounds of strawberries that otherwise would have gone to waste were eaten by soldiers because soldiers went into the field and snared them.

It all came about when Philip Boyd, former mayor of Palm Springs and a date and strawberry rancher, telephoned Major Rollen H. Anthis that his berries were going to waste and he'd like to make a deal for the army to pick and eat them. Maj. Anthis turned the matter over to Lt. Maurice H. Conn, mess officer, and arrangements were made by the lieutenant and Mr. Boyd.

Early the next day S-Sgt. Francis Harold O'Grady, the effervescent son of Erin (by way of Kansas) took three truck loads of soldiers to Boyd's ranch near Indio and the boys went to work. They worked throughout the entire day—and that's why we've had strawberries and cream for breakfast and shortcake for dessert.

Furthermore, the results were so good that another berry picking expedition is scheduled this week.

Has anyone else anything they can't find hired hands to pick that makes good eating?

### BIRTHDAY PARTY

A year ago this week an air corps squadron was organized and it eventually came to Palm Springs, just three months ago. The original members were going to have a birthday jubilee—except this week that squadron was all but absorbed by another squadron.

However, among the few men who remain in that group are many of the leaders of the post, namely, M-Sgt. Thomas Rogers, T-Sgt. Dominic Yemma, Charles Perry, Joseph Cavallo, Richard Callan, Boyce Rogers, Walter Pennington and Marcel Ranville, and S-Sgt. Francis O'Grady and Sgt. Harold Wactor, Jr.

### PRECIOUS STUFF

We just stopped to pause and wonder if the guy who runs the U. S. mint and T-Sgt. Ben Hartstein have something in common. The former sees all that money under his care day by day and Hartstein, too, has precious stuff under his wing. He's the gasoline chief at the post.

### PROP WASH

Sgt. Jack Tick is now a squadron acting first sergeant... he succeeds 1st Sgt. Fielding E. Ballard, Jr., who has stepped over to guide another squadron... and Burt O. Randall is now a full-fledged first sergeant, too... tough break for Sgt. O'Grady... he had his pocket picked and lost \$160 which he had accumulated to send his wife, who is currently ill... now there's a worthwhile job for the local gendarmes to work on... Sgt. Yemma and Cpl. Mason Hubbard, Jr., went to Long Beach to take their officer candidate school physicals... Pvt. Louis Antopolsky is called the "Mad Russian" by his pals... he says he's going to invent a radio robot man... Pvt. Arnold Schwartz is a newcomer at the post... and the way he sings in the showers reminds us that he was once vocalist for the bands of Johnny Long and Mal Hallett... a note from S-Sgt. Timothy Donovan, who admits his fatal charm, says that all his instructors in clerical school are feminine... Warrant Officer Frederick Rosener, contrary to rumor, is not married and does not intend to be married (he thinks).

Early the next day S-Sgt. Francis Harold O'Grady, the effervescent son of Erin (by way of Kansas) took three truck loads of soldiers to Boyd's ranch near Indio and the boys went to work. They worked throughout the entire day—and that's why we've had strawberries and cream for breakfast and shortcake for dessert.

Furthermore, the results were so good that another berry picking expedition is scheduled this week.

Has anyone else anything they can't find hired hands to pick that makes good eating?

### MUCH RELIEVED

We, too, have shed our winter dress for khaki, for which we are all very relieved.

### GOOD BUY

So until next week we say a good buy is United States War Savings Bonds.—G.L.G.

## TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs  
By Sergeant (T4) Russel H. Genich

The TGH Softball team came through with two proud victories last Wednesday and Thursday nights to get things really rolling. Wednesday evening they defeated the Ferry Command, incidentally our toughest rivals, 3 to 2, in a hard fought 9 inning game. Pfc. Leslie, working on the mound for Torney, turned in a fine performance, allowing but three scattered hits throughout the contest. Manager McNabb came through with a four base drive in the opening stanza to start the "Pillrollers" on their road to victory. The winning marker was pushed across in the 9th when outfielder Kingsley came through with a drive off the pitcher's shins to score Tripp from third.

### TGH WINS AGAIN

Thursday evening Torney made it two in a row when they bowled over the 666th Engineers from Camp Young, 9 to 4. Kingsley and Leslie shared the chucking with Holmer working behind the plate. The hits were distributed with no less than 8 of the Hospital boys connecting for at least one safe blow.

### KEGGLERS IN HOT RACE

The enlisted men finished the fifth week of keggling last Friday night with Headquarters and Personnel tied for first with 12 won and 8 lost. Pete Reicher of the Registrars is leading the league with an average of 179, followed by White of the Registrars and Pennington of the Dental Clinic with 160 averages. Pennington rolled high single with 220 and high three with a total of 573. The Registrars' outfit keggled for high single team game with 767 and high three with 2449.

### SPECIAL SERVICE SHOW

The Thursday Nite Variety Show of last week proved a real audience wooer and provided diversion.

Vocalist Barbara Ralston, strictly easy on the eyes, opened the show with a trio of sweet-styled popular song hits.

M. C. Pfc. Chet Summers followed Miss Ralston, with some fancy sleight-of-hand and comedy magic that scored well.

The next performer, Max Fink, former Hollywood sound effects man, brought down the house with guttural utterances and snappy imitations.

The efforts of Cafe entertainers Lee Harris and Jeanne Evans, currently holding forth at the local Charley's Desert Cafe, were met with a lusty round of applause. Jeanne's rhythmic, dusky vocals and Lee's neatly done songs proved to be just what the doctor ordered.

Attractive Norma Wycoff, civilian employee at TGH rung down the curtain with a brace of numbers which indicated her position.

sibilities as a big-time songbird. Are you listenin', Mr. Kyser? A hand to M. C. Pfc. Chet Summers, who plans these Thursday nite vehicles, and has consistently come up with bang-up shows.

### TWO TEAM UP

Two Medical Section men wrote fairs to bachelorhood this past weekend:

T/4 Sylvester J. Hughes, Med. Sec., and Helen Perrin, secretary to the adjutant at TGH, became man and wife in a simple ceremony at the local Catholic church, Our Lady of Solitude, last Saturday morning. Fr. Raley officiated, and Lt. Col. William C. Sheehan and Mrs. Edna Lindquist were the attendants.

Pfc. Wm. W. Delle of the Medical Section, and Ruth Randall, local resident, were married at the Post Chapel last Sunday afternoon. Chaplain Frank Hayes conducted the ceremony, with Sgt. and Mrs. Norbert L. Blanchard in attendance.

### WAA'S

Cpl. and Mrs. George H. Battaglear are proud parents of a baby boy, George Henry, born March 2. George does his stint in the dietetic department.

A son, Steven Bennett, was born to Capt. and Mrs. Arthur L. Glassman on March 23. Capt. Glassman was recently assigned to another post.

### SWIM STARS HERE

Swim stars Bill Lewin and Russel Saunders gave an exhibition of fancy and comedy diving at the TGH pool last Sunday afternoon. Bill, of the Desert Inn Pool, and Russ, on furlough from Ft. Riley, used to have charge of the hospital pool in the El Mirador days. They have always done stunts. Bill was a star of Billy Rose's Aquacade, while Russ was a Hollywood stunt man.

They teamed up and developed a real diving routine. They helped make our pool famous, and the most photographed pool in the country by means of the swimming and underwater shorts they made.

### Lt. Whitaker Is Now At Tennessee Base

Lt. Earl J. Whitaker, formerly on the staff at Lykken's Department store, who has been stationed at Camp Cook for some time, is now in Nashville, Tenn., according to word received here this week by The Desert Sun.

He expressed his thanks for the copy of The Desert Sun he receives each week and said that he could use a little of the other desert sun, right now.

Thursday evening at The Desert Inn enjoying dinner were Mr. and Mrs. Philip L. Boyd and Mr. and Mrs. Henry Wick.

## Many Promotions At Torney Hospital For Enlisted Men

Promotions were in order at Torney General Hospital this week with many joining the NCO ranks in the Medical Section.

Here are the new appointments:

Staff Sergeants Jack B. Henson and LaVerne Semrad promoted to Technical Sergeant.

Sergeants Charles P. Hartwig, Harold L. Taylor and Raymond M. White, raised to rank of Staff Sergeant.

Technicians Fourth Grade Forrest I. Gaffie, Max J. Hedrick and Jack H. Park promoted to Technicians Third Grade.

T/4 Jay W. Palmer, Cpl. Nathaniel A. Ayers, and T/5 Archie R. Priddy raised to rank of Sergeant.

Cpl. Roy L. Phelps and Technicians Fifth Grade Russel H. Booker, George A. Brenner, Vernon R. Brown, Robert A. Carter, Larry Chickrell, Walter V. Danner, Robert P. Heagerty, Aaron Lewis, Roy B. McDaniel, William W. Sheridan, Elgin R. Wittenburg now Technicians Fourth Grade.

Privates First Class Gerald T. Golden, James M. Hogue, Wilmer Watson, Richard P. Black, James R. Blegen, Earl D. Blender, David L. Crabbs, Paul R. Dufrene, Curtis J. Duggan, Edmond R. Erickson, Walter R. Fountain, James Jamerson, Dario Meucci, Lemuel W. Mussetter, Marion D. Neece, Arne Pherson, Ernest C. Piantanida, Charles L. Singerman, Norbert A. Todd, Charles M. Tuttle, now Technicians Fifth Grade.

Privates Hilario Alvarado, Arnold W. Bauer, Wendell G. Braun, Charles R. Cadle, Norman N. Carey, Manuel V. Ceja, Michael B. Collie, Robert J. Coomber, William A. Delle, Glenn W. Dewards, Hubert Garvert, Thomas E. Heinatz, Ervin C. Joll, Robert C. Judd, Ernest J. Knight, Edgar

## Sergeant Madamba Completes Course At Flying School

Sgt. Benjamin Ricardo Madamba, formerly stenographer and clerk in the employ of C. King Charney at the Lone Palm Hotel here, has successfully completed his course at the Lowry Field, Colorado, army air force technical training command and has graduated according to word received from Denver this week.

Sgt. Madamba, a native of the Philippines, entered the army at Fort MacArthur on October 12, 1942, and was sent to the Colorado school on January 7, this year.

## George W. Kreimer Now With Navy At Camp in Virginia

George W. Kreimer, local cement and masonry contractor for a number of years, is now in the United States navy and stationed at Camp Peary, Williamsburg, Va.

He joined the navy a month ago and is now a carpenter's mate, first class.

## John Curry Is Now At Quonset Point

John Curry, son of Mrs. Bessie Curry of The Desert Hand Laundry now with the U. S. Navy as a radio technician, second class, has been transferred to the Quonset Point, R. I., naval air training station where he is now with a night bombing squadron. He had been at College Station, Texas.

Lees, Henry P. Lerma, Frank J. Lewis, Maurice H. McKinney, Luther O. Miller, Jesus Nilo, Hugh O. Pritchett, Richard P. Schwicker, Russell Snyder, David Street, Chester P. Summers, Herbert J. Temple, Eugene M. Walsh, Robert E. Wheatley, and Harry C. Williams promoted to Privates First Class.

## 100 Enlisted Men At Local Air Base Given Promotions

Promotions for more than 100 enlisted men and change of duties for several officers were announced this week for the Palm Springs unit of the California group of the Ferrying Division Air Transport Command by Maj. Rollen H. Anthis, commanding officer.

Capt. Paul F. McMurdy was detailed as a squadron commander and Capt. Charles H. Wilkins was made base executive officer. Lt. Maurice H. Conn was made special services, athletic and recreation and chemical warfare officer and relieved of duties as a squadron supply officer. Lt. Russell C. Esposito was made assistant engineering officer. Lt. Lee J. Halling was made a squadron executive officer.

### PROMOTIONS TOLD

Enlisted men promotions were: To master sergeant, William G. Sallis.

To first sergeant, Burt O. Randall.

To technical sergeant, Clarence F. Greving, Walter B. Pennington, Marcel L. Ranville, Boyce Rogers.

To staff sergeant, John J. Hynes, James W. Harder, Harry C. Jones, Wayne G. Seuntjens, Warren L. Zanutto, Bernard H. Van Wie.

To sergeant, Earl D. Emery, Gerald N. Gunderson, Matthew F. Nizwantowski, William G. Smith, Robert G. Swick, Vincent E. Thomas, Harry J. Tick, Bruno Tumati, Bernard J. Vanderheyden, Teddy K. Walls, Dwight G. Williams, Donald B. Burris, James A. Cannon, John W. Davidson, Elwood E. Philbrick, Clarence M. Starkey, Hairston G. Worstell.

To corporal, Wilbur H. Drews, Frank J. Mittler, George Good-

ale, Clyde O. Sutherland, Edward H. Tonn, Arthur M. Bauman, Stanley L. Buell, Louis L. Burke, James C. Chittenden, Morris Marmon, Nolan C. Marr, Benjamin S. Moore, Joseph W. Nardo, Carl T. Nelson, Leo J. Newman, Edward J. Nolan, John J. Norkus, John L. Norris, Norman P. Palmer, David V. Quane, J. D. Rolison, Joseph S. Tornatore, Vernon L. Wade.

### NOW WRITE IT "PFC"

To private first class, Jack A. Aronson, Homer L. Beech, Cleveland H. Bethany, Leo C. Billmeyer, Roy W. Bobbs, Theodore Borges, Jack D. Brennan, Louis D. Christopher, Wilbur H. Dennis, John E. Dooner, Grant H. Drew, Otis W. Earley, Moe M. Fierstein, William C. Generis, Earl A. Gilbert, John P. Gilgut, Ronald G. Hayhoe, Wayne E. Heiserman, Karel E. Kazda, Thomas J. Keough, Edward J. Kubisz, Alfred B. Lancaster, Geo. Latimer, Raymond H. Lawton, Roy J. Layton, Alfred R. Lepore, Vincent A. Mahoney, Mariano A. Maragiolio, John H. Merry, Jr., Peter Nestor, Carl K. Newquist, John G. Nyeholt, Benjamin D. Nyssen, John J. Phillips, Bernard T. Pillis, George H. Reid, Lawrence W. Rowe, David Samuel, John T. Sanderson, Joseph F. Siebold, John T. Smolar, Victor W. Sothers, LaVerne D. Spangler, Joseph P. Stanczak, Martin J. Sullivan, Hammon Torello, Griffin W. White, Thomas F. Watson, Horace Wiley, Adolph E. Woolley, Harry J. Adasiewicz, Jesse A. Davis, James J. Doheny, Gordon E. Feekings, Jack Freeman, Herman J. Fingerth, Robert E. Lee, Sidney Lieberman, Richard E. Martin, Maurice D. Norbeck, John S. Pantaleo, John P. Reibel, Vincent A. Scales, Henry J. Schleizer, Robert H. Sohr and Albert M. Valvo.

Mr. and Mrs. A. A. Comrie entertained for Mr. and Mrs. Karl Kumpe and Mr. and Mrs. N. U. Carpenter at The Desert Inn Friday evening.

## "Dugout"

By the Legion Observer

Folks, how would you like to live in a fox hole 24 hours a day, day in and day out; eat, sleep, brush your teeth, take your shower (sand in this case) and try to learn how to protect yourself from getting killed? Well, that's what a lot of these boys who come in to the Legion Dugout from the desert training areas are doing and you can see some of them any day, stretched out on the chairs and lounges at the Dugout sleeping their heads off and are they grateful for the little comforts that are offered them there? Take a look at the group picture somewhere else in this issue and you'll see that smile that won't come off as they posed with their Sunday hostesses a couple of weeks ago.

John Chaffey tells your Legion newsboy that the problem of sleeping these training area boys overnight is in a fair way to being solved by the War Recreation Council and some facilities are already available and more in prospect.

In going over the register your newsboy thought for a moment we had been honored by a visit from that prominent citizen of Summerville, Throckmorton P. Gildersleeve, but on closer scrutiny it turned out to be only Sgt. L. D. Hethcock, a Mainstreeter from Throckmorton, Texas.

If you enjoy seeing happy grins on our soldiers take a peek at the picture on the bulletin board at the Dugout showing several of them about to get outside of some date-pecan pies made by Mrs. R. H. Thigman and being served to them by Hostess Mrs. Shellah Herd.

Thursday evening Mr. and Mrs. Andrew J. Crevolin entertained at The Desert Inn for Mrs. Frederick Burnham, Cynthia Burnham and Mrs. Newell Miller.

## Basket Picnic Supper

## Barbara Miller Learns Something About Regimentation at School in Long Beach

A letter received from Barbara Miller, popular junior girl, recently transferred to Wilson High at Long Beach, informs us that she is now "one unhappy girl."

When she left P. S. H. S. she was delicious with happiness at the thought of getting to graduate in June. But as always, there were many obstacles. For example, Barbara could not go to school the first day because she lacked the proper clothes for Long Beach.

Miss Miller honored nine of her Palm Springs girl friends with a "terrific" letter. These lucky girls were Jeanne Martineau, Martha McCarn, Helen Williams, Carolyn and Polly Purcell, Elsa Kofeldt and Bettie Willard.

On the day she registered and talked to the Dean of Girls, she learned that she had to wear socks every day. Barbara wrote, "My blouses can't be silk or any other sheer material. They have to be white rayon or cotton, buttoned down the front with no initials or pins. You can't wear anything in your hair. Skirts have to be wool or gabardine. No one-piece dresses."

On the brighter side, Barbara says she doesn't have to be at school till 20 minutes to ten. She is very excited about getting in the practical chemistry class. She really misses school here and all the "kids," but she is determined to graduate this year, so it's "Wilson or bust" for Barbara now.

## Howard Hawks Here To Work on Picture

Mr. and Mrs. Howard Hawks are vacationing at The Desert Inn while he works on the script for a new picture entitled "Battle Cry."

The theme deals with the United Nations stand.

The picture will be produced for Warner Bros. and Mr. Hawks will produce and direct.

Pay Telephone Bills before the 30th and receive your discount.

### NO OUTSTRETCHED HANDS

This week students of Palm Springs High School abruptly changed a time-honored tradition. They pledged allegiance to the flag of the U. S. A. without extending their right arms toward the flag. Instead, their hands remained over their hearts during the entire ritual. Hereafter, there will be no more raised hands during salutes or pledges of allegiance to Old Glory.

The change is in accord with national policy, adopted by congressional action. It is believed the old flag ritual suggested too much of the Nazi salute, although the latter does not require palms to be upward, as does the flag salute used until now in this country.

Some persons may feel that we have yielded a form of ritual too readily. We had our salute first, as other peoples had the swastika before the Nazis had it. There is no good reason for yielding a monopoly in any usage of them.

However, schools all over the country are dropping the extended arm salute. The new salute can mean as much as the old, and it will be well to have uniformity for all civilian observance of this patriotic gesture.

More important than acceptable ritual is proper regard for the national emblem. We should maintain a high regard for what the flag stands for. And to show reverence, we must observe all the rules concerning the proper care and use of the flag. This latter "must" should have a particular significance to our local high school students.

Recently attention was called in assembly to the fact that several dozen small flags used at school social functions had been stored in an inappropriate place and without proper care and protection. High school students should never handle the flag of our country carelessly or disrespectfully. All flag courtesies and amenities should be observed religiously. Attitude is always more important than ritual.

—ROBERT ROY

## Many Loans Made on County Real Estate

During February loans totalling \$604,000 were made on Riverside county real estate, a compilation by the Security Title Insurance and Guarantee company of Riverside revealed this week.

Among the loans was one by the Palm Springs branch of the Bank of America for \$2800.

Mr. and Mrs. George A. Hormel of Bel-Air are vacationing at The Desert Inn. (He is director and chairman of the board of the Hormel Co. in Austin, Minn.)

## Dr. Charles Mowat Fourth Speaker at Torney Hospital

"Britain in Transition" was the subject of Dr. Charles L. Mowat's lecture at Torney General Hospital, Thursday afternoon at 3:30. This was the fourth in the series of the Army Hospital orientation lectures sponsored by Palm Springs high school.

Dr. Charles L. Mowat, Assistant Professor of History, Uni-

DR. CHARLES L. MOWAT

versity of California at Los Angeles, is a graduate of St. John's College, Oxford, England. He received his Ph.D. at the University of Minnesota, and is now an American citizen. Engaged at present on research related to the history of Great Britain in the twentieth century, he is well qualified, according to many persons, to speak on the changing pattern of the British Empire.

Last week, "Factors of Victory in War and Peace," was the topic of Capt. Paul Perigord's lecture. Particularly stressed by Capt. Perigord were these six points which he declared were the essential factors in winning a war: supremacy of seas, supremacy of the air, high morale on the home front, resources, unity of command, and an offensive stand.

Lt. Col. Henry S. Murphey acted as chairman for this meeting which was attended by 270 officers, enlisted men and patients at the hospital.

## GAZOOZIT

By MAC 'N' MARTI

CLATTER—Natural Beauty! is the cry of JIMMIE, KELLY, HAGGIE, KING and MAC who have forsaken lipstick for natural beauty (?). The girls are hoping for new recruits—but are making little progress. SIMPSON has ceased to be a necessary factor in DORIS NEEL'S life.—Have you checked that new combination BUTLER and DEAN? BILL CURTIS had some nightmare one Friday P. M.—P. S. H. S. girls aren't eligible for the WAVES, WAACS or SPARS but they certainly are honorary members of the WAMS (Women Affected by the Man Shortage).—

CHECK—Shoe rationing does not appear gruesome to P.S.H.S. boys when they think of BOOTS.—BARBARA MILLER'S unexpected departure from P.S.H.S. was not only surprising but caused a lot of envy on part of some juniors — Ask your date now, fellas, the Prom is April 30 —JOHN OUTCAULT apparently is very fond of THAT hat.

Statistics—Age 18, height 6'4", weight 150 pounds. Hair and eyes of brown—and he was born in Los Angeles, Dec. 8, 1924.

Nickname — Just plain Bill to everyone.

Nuts about—Anything chocolate, all kinds of athletics, and then girls, of course. (The latter is the answer we get from 9 out of 10 fellows in the "nuts about" category).

Dislikes—Going to the dentist (and as Bill would say, "I go to a careful dentist—he fills my teeth with great pains!")—Also cats, two and four legged.

Now we favoritize — Foods, fried chicken, chocolate cake and cinnamon rolls; Sport — Tennis, with a capital T; Pastime, working at the P. S. Tennis Club; Record—"Old Black Magic"; Band—Glenn Miller again.

Love Life—Much too complicated to print.

Pals With — Herb Lienau, Al Adolph, Rog Braniger and Dick Heise (all of whom are referred to in P. S. H. S. lingo as "Bwangers").

Characteristics — His remarkable sense of humor and his favorite slogan, "How about your nose?" We might also add that he very frequently talks with an English accent.

Wants to meet—Our great leader, Gen. Douglas MacArthur.

Remarks—An extremely likeable young fellow with an irresistible personality, more friends than I could count, and plenty on the ball. He's tops in every line, from studies to society life.

## Natural Beauty Is Now the Thing for Many Girls at Palm Springs High

Many high school girls have turned out to have "natural beauty." And what's more, they are showing it off, too. It was too much to hope that P. S. H. S. girls would stop at cut off blue jeans, or short hair, or just wearing boys' moccasins. Now they have taken off their lipstick. No wonder the boys now call them "pale faces."

Chief and assistant chief "pale

faces," Martha "Mac" McCarn and Carolyn Purcell, just forgot to put lipstick on before coming to school Monday, and a new fad spread like wild-fire. Their immediate followers were Polly Purcell (assistant chief Pale Face's sister), Jimmie Rogers, Patsy King and Barbara Knowles. It might be said that this is another way of being patriotic, in that there is talk that lipstick might be rationed. These gals will be ready all right, but how about the rest of us guys—we have to look at 'em.

The lipstick discard started Monday, but Thursday marked the climax. Girls sauntered to

classrooms in their blue jeans and horrible straw hats. I don't know whether or not they tried to look like spooks, but the head man from spook headquarters asked them if they wanted to join the "Scare 'em and We Will Scrape 'em up Club." There is one consolation, and that is, there is only one day for the jeans and straw hats. Lipstickless lips, though, may last indefinitely.

The male shortage has driven our girls to join the "WAMS" (Women Affected by the Man Shortage). This "Spook Campaign" must be an attempt to scare the few that are left into taking them to the coming "Prom."

## There's a New Language These Days—Here's Slangage For the Dear Adults

BY ARTIE LEE BUTLER

Did you know there's a new language? A new Americanese language. You don't believe me? Then, think back to the last time your son or daughter explained something to you. Slightly incomprehensible, wasn't it? And when they were through you shook your head and remarked, "I don't understand this younger generation." And you probably received the answer, "Gee whiz, don't be such a bag." What reply is there to that?

Well, dear, long-suffering parent, don't be hurt because it's really not as bad as it sounds. You had your own language, when you were young. Of course it changes all the time. "23 skidoo" and "scram" used to be sufficient for ridding yourself of a pest, but now it's "Roll up your flaps and waltz," bud." As for the term "bag," it can be affectionate or slamming. And if you're a "hairy bag" it can be the best—or the worst. As for the word "hairy"—just abandon that one. We could never explain that to you. It's just a preface, a superlative, and expression-comparable to last year's "super."

If your son leaves suddenly and screams "Plant ya now, dig you later," you know he has to go but will return soon. Wait until they start talking backward—if someone has been a "hairy bag" (an oft used expression as you have no doubt noticed) it is changed to a "bairy hag." Until you get used to this, you can go for

days on end without understanding a word that's uttered.

If your daughter is given to screaming "Zoot" at various and sundry articles of clothing, don't think she's joined a gang and is one of the "Goons of Sleepy Lagoon"—it's really a very expressive word. In a sneering tone it indicates that someone's clothes are too short, tight or skimpy. In a reverent tone, it indicates that they're well tailored, smooth-looking, just right things.

This can go on for hours. But it won't. Maybe another day we can have a bull session with you and help you get better acquainted with your offspring. But one last caution—if your children ever call you "Alice" without a smile on their face, strike them—gently, but firmly. Why? Because they mean "Alice the Goon" the character in the comics. And you're really not, are you? You're just baffled—and we don't blame you.

## May We Introduce . . .

This week — A popular senior and President of the Student Body.

Statistics—Age 18, height 6'4", weight 150 pounds. Hair and eyes of brown—and he was born in Los Angeles, Dec. 8, 1924.

Nickname — Just plain Bill to everyone.

Nuts about—Anything chocolate, all kinds of athletics, and then girls, of course. (The latter is the answer we get from 9 out of 10 fellows in the "nuts about" category).

Dislikes—Going to the dentist (and as Bill would say, "I go to a careful dentist—he fills my teeth with great pains!")—Also cats, two and four legged.

Now we favoritize — Foods, fried chicken, chocolate cake and cinnamon rolls; Sport — Tennis, with a capital T; Pastime, working at the P. S. Tennis Club; Record—"Old Black Magic"; Band—Glenn Miller again.

Love Life—Much too complicated to print.

Pals With — Herb Lienau, Al Adolph, Rog Braniger and Dick Heise (all of whom are referred to in P. S. H. S. lingo as "Bwangers").

Characteristics — His remarkable sense of humor and his favorite slogan, "How about your nose?" We might also add that he very frequently talks with an English accent.

Wants to meet—Our great leader, Gen. Douglas MacArthur.

Remarks—An extremely likeable young fellow with an irresistible personality, more friends than I could count, and plenty on the ball. He's tops in every line, from studies to society life.

May we introduce—Bill Gilbert.

—MARTI ROBINSON

Now let me see. Oh, yes, a senior girl. (And what a senior). She's 5'4" tall and weighs 107 pounds, 17 years ago she was born in Los Angeles, although for the past 7 years Palm Springs has been her home.

On her "like" list are tennis, dancing, swimming, riding, U-NO Bars (is she kidding) speech class, (A.P.) typing, (more A.P.) Navy uniforms (and what's in them) "Hot Rods" (better known as cars), boys with Southern accents, and all the Freshmen boys (better watch out, fellows.)

As far as comedians go, Bob Hope tops them all, she says. Glenn Miller in tops in music, although "I Had the Craziest Dream" by Harry James is strictly o. k. by her.

The pals she usually is seen with are Helen Louise Williams and Marian Hohl, who call her by her nickname "Hon."

On the "dislike" list are boys who wear mustaches, (R. R. please take note) and mathematics.

Her love life is rather indefinite, however we hear there is a certain buck private in Fresno that is on the spot. (Too bad, fellows.)

May we introduce — Jeanne Martineau. A swell kid.

—ROGER BRANIGER

## Assembly Schedule At P. S. H. S. Feels Rationing's Effect

Restrictions brought about by rationing have curtailed many P. S. H. S. activities. The Mason Circus assembly, planned for Tuesday, April 6, was cancelled due to transportation difficulties. This was the second of six National School Assemblies cancelled this year. Mason's Circus, representing the United States Society of Zoology, features trained monkeys, birds and reptiles.

The last of the professionally-conducted assemblies sponsored by the National School Assemblies is scheduled for Monday, April 26. It features Mr. Charles Collins. Because of prevailing conditions this assembly may be cancelled also. Mr. Collins, a sightless entertainer, was a feature artist on the N. B. C. Red Network. His show consists of songs, patter and classics.

### DR. PERIGORD GUEST

The last in a series of four class assemblies, conducted by the Freshman class, was held Friday, April 2. On this program Dr. Paul Perigord, leader of the California Fighting French, was a guest. At the close of the assembly, he spoke to the students. Dr. Perigord is a Professor of French Civilization at the University of California at Los Angeles.

The assembly by the class of '46 included poems, jokes and many humorous skits. A duet, "My Hero" was sung by Marilyn Miller and Ruth Ann Foster in honor of Bill Gilbert, the Student Body President.

### JUNIOR HIGH GUESTS

John Wilson and Ralph Galzerano enacted a "blackface act" while Gillar Boyd was starred as Dr. Anthony of the "Good Will Court." John Wilson also comically portrayed Adolph Hitler, with appropriate banter.

Members of the eighth grade class of the Nellie N. Coffman Junior High School were guests of the high school during the assembly.

Mr. and Mrs. Walter Monroe entertained the Earl Gibbs at The Desert Inn.

Pay Telephone Bills before the 30th and receive your discount.

## Palm Springs High Delegation Plans Redlands U. Trip

Several students from Palm Springs are planning to attend the annual University Day at the University of Redlands next Saturday.

The morning and early afternoon will be spent in vocational seminars, led by members of the Redlands faculty. The afternoon will see a double header baseball exhibition game with Occidental college and all-conference tennis matches.

### FULL DAY PLANNED

In the evening students will present a variety show, and the day will close with an all-college party at the Redlands Civic auditorium.

Despite the fact that the University of Redlands will be training 400 Navy men on July 1, regular sessions at the University will continue as in the past.

### GOING FROM HERE

Those from Palm Springs who have already signified their intentions of attending University Day include: Herb Lienau, Marion E. Hohl, Jimmie Rogers, Al Adolph, Bill Foster, Jeannie Martineau, Helen Louise Williams, Jack Hoover, Nan Dutenhofer, Gloria Flavin, Barbara Knowles, Elsie Kofeldt and Bob Roy.

Mrs. Nellie N. Coffman entertained Mrs. James Swinnerton and Mrs. H. W. Parker at The Desert Inn Tuesday evening.

## Plans for Easter Dawn Service Here Near Completion

Plans for Easter Sunrise service at dawn on April 25 on the hilltop back of Palm Springs were being completed today and one of the largest throngs of worshippers in the event's history are expected to attend.

This service was originated 30 years ago with a handful of people gathering on the hillside back of the Desert Inn. Those early worshippers included Wellwood Murray and Mrs. Nellie N. Coffman established a precedent that has continued without interruption through the years.

### BEAUTIFUL MUSIC

The Community Church has sponsored the celebration since its start. As the event grew in importance, singers from afar were heard in solos. For a decade the University of Redlands has sent over a choir for the service. This year the choir will be under the direction of Prof. Edwin Ruff, the new director of music at Redlands. Miss Mildred Gibson of Palm Springs, a gifted singer, now at Redlands University, will be heard in a solo.

There will also be a reading by Bill Hay, noted radio broadcaster whose Bible readings are heard by thousands over the air.

SUNRISE AT 6:10 A. M.  
Extensive arrangements have been going on for some time under the direction of Dr. J. R. Macartney of the Community Church. The service will be broadcast so that all Villagers unable to be at the scene may listen in.

When the sun rises at 6:10 a. m., a flock of white pigeons from the Howard Ames Rock ranch near Indio will be released as trumpets sound, heralding Easter dawn.

Worshippers are asked to be in their places at 5:55 a. m. Doors of the Desert Inn entrance will be open at 5:40 a. m.

## Community Church Election Will be Held Next Sunday

Dr. John R. Macartney, pastor of the Community church announced this week that election of officers for the Church would be conducted immediately after the close of the morning service next Sunday.

Dr. Macartney also announced that the Tuesday afternoon Bible class will close for the season with the next meeting which he will conduct. Plans are already being formed for the resumption of the class next season.

Paul Payne, leader of the Community Sing held each Thursday night at 7:45 at the church, reminded all who wished to join in the half hour of music to attend.

## Church Flagpole, Victim of Twister, All Straight Again

Old Glory is again flying from the flagpole at the Community church—thanks to the action of Francis F. Crocker, head of the Palm Springs district of the California Electric Power company.

Some weeks ago one of those rare Tahquitz twisters caught the pole while the flag was aloft and so great was the power of the wind that the slender metal shaft was bent far out of shape.

Dr. J. R. Macartney, pastor of the church, sounded an SOS and Mr. Crocker responded.

A crew of power company linemen, well versed in the art of handling tall poles, took out the flagpole, straightened it to its original shape and reset it. They were under the direction of Tex Dillard, foreman.

So today, the flag flies again at the Community church.

## Good Friday Service Announcement Made

Good Friday services, April 23, will start at 12 o'clock at the Community church, Dr. J. R. Macartney, pastor, announced this week.

Assisting Dr. Macartney in this service will be Chaplain Henry W. Anderson of Camp Young, Chaplain Frank H. Hays of Torney General hospital and the Rev. Ernest M. Jeffery of Coachella.

## Approve Compromise In Government Suit

Recommendations of City Attorney Roy W. Colegate for a compromise settlement with the United States government on condemnation proceedings for city property on Via Miraleste were approved by city council Wednesday.

11 a. m.—Service.  
Wednesdays at 8 p. m.

## CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" This question is the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text from the Psalms reads: "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations."

When John the Baptist sent two of his disciples to Jesus with the inquiry, "Art thou he that art?" a Lesson-Sermon passage from Luke's Gospel says that Jesus replied, "Go your way, and tell John what things ye have seen and heard; how that the blind see, the lame walk, the lepers are cleansed, the deaf hear, the dead are raised, to the poor the gospel is preached. And blessed is he, whosoever shall not be offended in me."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes: "If sin, sickness, and death are as real as Life, Truth, and Love, then they must all be from the same source; God must be their author. . . . Is it possible, then, to believe that the evils which Jesus lived to destroy are real or the offspring of the divine will?"

### THE ANSWER

When'er I tread the lonely path,  
And see the mountains outspread  
fan,  
So marvelous, in light and dark,  
I wonder, "What is man?"

I see the shaded land below,  
The bending sky above,  
And feel the woes and fears of earth,  
Then remember "God is Love."

Controller of the myriad worlds,  
We know God must be Mind,  
But still the query come to us—  
We ask, "Why is mankind?"

Why worry o'er this puzzling world?  
It's problems grow so small,  
When from the desert evening comes

The answer, "God is All."  
—LUCIE MARY KUEHLBORN.

## Lenten Services For Next Week at Episcopal Church

On the fifth Sunday in Lent, the traditional Passion Sunday, the sermon will be on "The Supremacy of Christ," the Rev. Robert M. Hogarth, vicar of St. Paul's-in-the-Desert church announced today.

At the time of the morning worship, the new Litany desk, the artistic work of H. L. Hansen of Palm Springs,

## Arrests in March Mount With 58 in Trouble in Month

Arrests mounted in Palm Springs during March with 58 persons being taken in tow by policemen and later hailed before Judge Guy Pinney in municipal and justice courts.

Of the 58 nabbed in March, 38 were called to court for drunkenness, 7 for disturbing the peace, 4 for vagrancy, 3 for driving while intoxicated, and one each for battery, violation of the rooming house law, for property damage, for the FBI and for another city.

### TRAFFIC CASES DROP

Thinning traffic due to wartime was noticeable in that but three traffic citations were issued and only three traffic warnings given. There was one traffic mishap but there were two pedestrian collisions which resulted in injury.

Petty thieves were busy with 15 cases listed in the month. There were four grand theft investigations and four autoists who reported stolen cars, were grateful to the police who soon recovered them.

### NINE LEAVE TOWN

Three women were included in the arrests, two for intoxication and one for vagrancy. Significant in the report was the statement that four women had left town to escape impending arrest and that five men had done likewise.

During the month two prowlers were investigated and two reports of dog bites studied. In March, 62 complaints were investigated and five FBI cases studied.

Thirty two soldiers were picked up for military authorities.

Police cars travelled 4401 miles in the month.

## Mayor to Stay . . .

(Continued from page 1)

don't want the people of Palm Springs to get the wrong impression of Frank Shannon. I don't think they have had it in the past, I don't want them to have it now. I never have considered myself indispensable to anybody, never. I left the printing business in 1901. They are still running newspapers. I left the Westinghouse Company in 1928 of my own accord. Westinghouse is still operating.

"I am not in the habit of sitting back and chuckling to myself and feeling I am losing the reins. I resent that kind of thing."

### OTHER SIDE OF IT

The other side of the picture: "I have been asked by so many, many people, citizens of Palm Springs, to reconsider the statement that I made three weeks ago tonight, and it was only yesterday that I definitely decided that I would consider the requests of the citizens of Palm Springs and change my mind."

"I still feel that I could retire with honor and I don't know whether I will be able to retire in the future with honor or not, but that doesn't make any difference."

### TO STAY ON THE JOB

"I still feel that I have reached the age where possibly some of the younger men could do the job better than I could, but it has been pointed out to me by the military and other people here that no man can be spared from the ranks, so I have decided to remain in office."

"I wish to thank the members of the Council who have talked to me. I feel that to lose one friend is a catastrophe, to lose many friends is a catastrophe. I don't care to have that catastrophe befall me at this time."

## Bill Lux Says Army Life Is a Busy Life

Bill Lux, now stationed at Miami Beach, in a letter to the city hall, declared they are keeping him very busy at the post but that it is interesting work and he enjoys it.

Lux is a member of the Palm Springs police department on leave to serve with the army.

He who wishes to secure the good of others has already secured his own.—Confucius.

## All Meals Placed Under OPA Control As Ceilings Fixed

All meats came under the control of the OPA this week with the announcement of maximum prices for beef, veal, lamb and mutton. Pork ceilings became effective on April 1. The ceiling prices become effective at midnight April 14.

Under the new regulations, small meat markets may sell at prices one to two cents more than charged by the chain stores and larger retailers. Various cuts have been standardized and the prices will be uniform throughout the western states.

### STRICT ENFORCEMENT

Steps have been taken for strict enforcement of the regulations.

The new order is designed to eliminate the black markets in meat as every retailer must post the ceiling prices and housewives will know the top prices they may be charged.

In most cases consumers will find the new ceilings of beef, veal, lamb and mutton less than they have been paying lately.

### HAMBURGERS DOWN

Southland housewives will find "hamburger" (designated by OPA as ground beef) as attractive from the price side as it is on point basis. The new maximum will be 33 cents per pound, compared with previous consumer prices ranging up to 50 cents. Top prices on leg of lamb range between 43 and 45 cents per pound, chuck roast (bone in) from 35 to 37 cents, grade A sirloin steak 48 cents per pound in small stores and 46 cents in all others. Retailers of Kosher meats will be guided by a separate provision to be issued shortly.

To place all consumers on even footing, retail cuts of meats will be standardized as to cutting and trimming and only those described in the new price regulations may be sold by storekeepers, following the pattern adopted in pricing pork at retail.

## School Elections To Be Held Here On Friday, May 21

Desert School district and the Palm Springs high school district will elect school trustees on May 21 along with other cities in the county with one grammar school trustee and one member of the high school board to be named.

The terms of Mrs. Nellie N. Coffman on the Desert School district board, and that of John Connell on the high school board, expire.

Hold-over members of the Desert district board are Mrs. Culver Nichols and Francis F. Crocker, and on the high school board, Eugene Theriault, Willary Hillery, Charles Burkett and John Sprague.

Registration for the election closes tomorrow, April 10.

## Dance Permit Fees Depend on Rents

Margaret Anderson applied for a dance permit for the Palm Springs Bowl Roller Rink and asked that the fees be waived as the dances were for soldiers and under the sponsorship of the Recreation Commission and USO.

After some discussion council voted that if no rent is received for use of the Bowl for dances, the fees will be waived but if rent is received, they must be paid.

## Rationing Rules

IS EVERYBODY HAPPY?—It looks like it. Here's a typical Sunday afternoon gathering at the Dugout in the Plaza, a mecca for soldier boys from round and about. Sunday hostesses shown above, left to right, are Marian Poole, Kathleen Wilson, Peggy Guthrie, Betty Libott, Hallie Hendricks, Bunny Cuneo, Sheila Herd and Hazel Hanson.

## Minute Man Flag . .

(Continued from page 1)

Command were presented and gave talks which were highly enjoyed by the children.

George Mannington, principal of the school officiated and introduced the speakers.

### OTHER SCHOOLS BUSY

Miss Katherine Finchy, superintendent of the Desert School district was introduced and in turn introduced the guests from other schools in the Village which are planning to speed up their war stamp efforts so that they, too, may fly the blue Minute Man flag.

Representing the Frances S. Stevens school were Donella Knupp and Nicky Nichols and from the Cahulla school were Donald Dubos and Joey Flavin.

## Illick Named . . .

with salvage operations in Los Angeles, and last summer for the government in the East.

"I feel it would be a logical thing for you to appoint Mr. Walter Illick as chairman of the committee. Furthermore, he is here for the entire year, and I am usually away for the summer. Therefore I would like to send in my resignation in favor of Mr. Illick, and shall be happy to cooperate with him, as he has been cooperating with me in the past."

## Adopt Program for Gas Tax Money Use

Resolution providing for the expenditure of the city's share of state gasoline tax moneys to maintain and repair streets of major importance in the Village was adopted by city council Wednesday.

Our grand business in life is not to see what lies dimly at a distance, but to do what lies clearly at hand.—Carlyle.

## Soldier Picnic . . .

(Continued from page 1)

thrilling story of the making of the Colorado desert. A comic reel has also been ordered.

"Here is a real opportunity to do something for the boys from 'out in the sticks'." Dr. Macartney said. "Mrs. Vera Nicholson is general chairman of the committee working on this gesture of friendliness and those desiring further information or anxious to extend the helping hand are urged to call her at 6432."

## Second Half Tax Bills Delinquent Week From Tuesday

Taxpayers of Palm Springs, who have not paid the last installment of the 1942-43 city and county taxes, are advised that Tuesday, April 20, is the last day on which these taxes may be paid without penalty.

After April 20 three percent will be added to the bill plus the costs of 50 cents per item. To date, eight percent has been added to unpaid first installment bills.

The amount charged to the tax collector is \$3,735,172.52. Of this amount \$2,383,441.47 of the first installment was paid, leaving a total of \$1,351,731.05 yet to be collected.

## City to Renew Lease On City Hall Site

City council Wednesday night instructed City Attorney Roy W. Colgate to notify owners of the city hall property that the city intended to use its option to renew the lease on the building.

Good nature and good sense must ever join; To err is human, to forgive, divine.

## Cooler for Ration Board Investigated

Purchase of a cooler for the Palm Springs rationing board office was studied by city council Wednesday night and referred to Councilman John Connell for further investigation and report.

### LEAVING FOR EAST

Rev. and Mrs. Wade Pinckney have made plans to leave next week for New York to spend the summer. They will return to their home here next fall.

Ration Board Wants Stenographer. See Classified section.
